 subsidies and high prices Were and are underprivileged groups excluded from art consumption and production How did
 popular music become so successful in the second half of the twentieth century Why does the art profession remain
 extraordinarily attractive for youngsters in spite of low incomes The book also discusses the evolution of art in the twenty
 first century considering for example how the platform economy affects the arts whether or not the established arts are
 joining the entertainment industry and the current level of diversity in art Written from the dual perspective of the author as
