Succession Between International Organizations:

Succession Between International Organizations Patrick R. Myers, 2013-08-21 First Published in 1993 Succession between international organizations is a controversial topic. What is it about the topic that provokes such diverse reactions? Is there really such a thing as succession between international organizations? Does it resemble any other form of succession or is it something completely different? The present study is an attempt to shed some light on this little known area of international law.

Succession Between International Organizations, 1993 The thesis covers the subject of succession between international organizations from both the theoretical and practical perspectives. The study establishes first a conceptual framework by examining the notion of succession as it has evolved in municipal law and the law of state succession and explains how the term applies to succession between international organizations. Then through numerous examples taken from international practice and court decisions the study presents a typology of the forms of succession between international organizations, the legal basis of such succession and finally the effects of succession on functions, treaties, property, funds, liabilities and employees.

The nature of succession between international organizations Andrea Giuseppe Mochi Onory, 1968

State Succession and Membership in International Organizations Konrad G.

Bühler, 2001-02-08 This volume contains a comprehensive survey of practice relating to cases of State succession and membership in international organizations between 1945 and 2000. The practice examined by the author includes most controversial and topical cases.

The Succession of States in Respect to Treaties, State Property, Archives, and Debts P. K. Menon, 1991 This study discusses the succession of states to treaties and other obligations or rights seeking answers to the question Does a new state succeed to its predecessor's international rights and duties and if so to what extent?
