Such Men As These:

Such Men As These David Sears, 2010-05 In 1951 James Michener went to Korea to report on a little known aspect of America's stalemate war navy aviators. His research inspired a novel about these pilots, which became an overnight bestseller and perhaps the most widely read book ever written about aerial combat. Using Michener's notes, author David Sears tracked down the actual pilots to tell their riveting true life stories. From the icy windswept decks of aircraft carriers they penetrated treacherous mountain terrain to strike heavily defended dams, bridges, and tunnels where well entrenched Communist anti-aircraft gunners waited to shoot them down. Many of these men became air combat legends and one, Neil Armstrong, the first astronaut to walk on the moon. *Such Men As These* brims with action-packed accounts of combat and unforgettable portraits of the pilots whose skill and sacrifice made epic history.
