**The Oxford Handbook of Systematic Theology** John Webster, Kathryn Tanner, Iain Torrance, 2009-09-10 The Oxford Handbook of Systematic Theology brings together a set of original and authoritative accounts of all the major areas of current research in Christian systematic theology offering a thorough survey of the state of the discipline and of its prospects for those undertaking research and teaching in the field The Handbook engages in a comprehensive examination of themes and approaches guiding the reader through current debates and literatures in the context of the historical development of systematic theological reflection Organized thematically it treats in detail the full array of topics in systematic theology as well as questions of its sources and norms its relation to other theological and non theological fields of enquiry and some

major trends in current work Each chapter provides an analysis of research and debate on its topic The focus is on doctrinal rather than historical questions and on major rather than ephemeral debates The aim is to stimulate readers to reach theological judgements on the basis of consideration of the range of opinion Drawn from Europe the UK and North America the authors are all leading practitioners of the discipline Readers will find expert guidance as well as creative suggestions about the future direction of the study of Christian doctrine      *Systematic Theology* Wayne A. Grudem, 2009-05-18 The Christian church has a long tradition of systematic theology that is of studying biblical teaching on centrally important doctrines such as the Word of God redemption and Jesus Christ Wayne Grudem's bestselling *Systematic Theology* has several distinctive features A strong emphasis on the scriptural basis for each doctrine Clear writing with technical terms kept to a minimum A contemporary approach treating subjects of special interest to the church today A friendly tone appealing to the emotions and the spirit as well as the intellect Frequent application to life Resources for worship within each chapter Bibliographies in each chapter that cross reference subjects to a wide range of other systematic theologies      *Foundations of Systematic Theology* Thomas G. Guarino, 2005-05-01 Guarino argues in this book that the doctrinal form of the Christian faith in its essential characteristics calls for certain theoretical exigencies This is to say that the proportion and beauty of the form is not served or illuminated by simply any presuppositions Rather a determinate understanding of first philosophy of the nature of truth of hermeneutical theory of the predication of language and mutual correlation is required if Christian faith and doctrine are to maintain a recognizable and suitably mediative form Failing to adduce specific principles will lead either to a simple assertion of Christian truth in which case the form of Christianity becomes less intelligible and attractive or one will substitute a radically changed form which is itself inappropriate for displaying the fundamental revelatory narrative of faith The house of Christian faith possesses a certain proportion of structure the form will sag badly if one removes an undergirding item or if one beam is replaced with another of variable shape or size The form's beauty will either be obscured no longer clearly visible or the form will become something quite different no longer architectonically related to what was originally the case The intention of this book is to discuss those doctrinal characteristics considered fundamental to the Christian faith as protective of its revelatory form and concomitantly to examine the theoretical principles required if such form is to remain both intelligible and beautiful      *Journal of Biblical and Theological Studies*, Issue 6.2 Daniel S. Diffey, Ryan A. Brandt, Justin McLendon, 2022-03-11 The *Journal of Biblical and Theological Studies* JBTS is an academic journal focused on the fields of Bible and Theology from an inter denominational point of view The journal is comprised of an editorial board of scholars that represent several academic institutions throughout the world JBTS is concerned with presenting high level original scholarship in an approachable way Academic journals are often written by scholars for other scholars They are technical in nature assuming a robust knowledge of the field There are fewer journals that seek to introduce biblical and theological scholarship that is also accessible to students JBTS seeks to provide high level scholarship

and research to both scholars and students which results in original scholarship that is readable and accessible As an inter denominational journal JBTS is broadly evangelical We accept contributions in all theological disciplines from any evangelical perspective In particular we encourage articles and book reviews within the fields of Old Testament New Testament Biblical Theology Church History Systematic Theology Practical Theology Philosophical Theology Philosophy and Ethics Christian Theology Alister E.
