Systematic Theology : Volume 1: The Triune God Minnesota Robert W. Jenson Director Center for Catholic and Evangelical Theory, 1997-06-24 The Triune God together with the forthcoming second volume The Works of God develops a compendious statement of Christian theology in the tradition of a medieval *summa* or of such modern works as those of Schleiermacher and Barth. Theology as it is understood here is the Christian church's continuing discourse concerning her specific communal purpose; it is the hermeneutic and critical reflection internal to the church's task of speaking the gospel to the world as message and to God in petition and praise. This volume and its successor are thus dedicated to the service of the one church of the creeds; it is for no particular denomination or confession. The interlocutors of this work's analyses and proposals are drawn from wherever in the ecumenical tradition a question may lead to theologians and traditions ancient, medieval or modern, Eastern or Western, Catholic or Protestant.

Systematic Theology Robert W. Jenson, 2001 This volume begins with an extended discussion of Jenson's methodology and addresses questions on the nature of the Christian God, including the classic christological and trinitarian questions.

Systematic Theology; Volume 1 Miner Raymond, 2023

Systematic Theology, Volume 1, Fourth Edition James Leo Garrett Jr., 2014-09-14 Rivals the major systematic theologies of this century. Baptist History and Heritage Journal July 1996 One of the characteristics of Garrett's system that needs especially to be noted is its balanced, judicious, and nearly invariably objective presentation of materials. While holding true to the teachings of his own Baptist faith, Garrett so carefully and judiciously presents alternatives that teachers and students from other confessional and denominational positions will find his work instructive. *Consensus* 1997 If one is searching for an extensive exposition of the biblical foundations and historical developments of the various loci of systematic theology, there is no more complete presentation in a relatively short work than this. Pastors will especially find this feature to be a real help in teaching theology. It is an indispensable contribution to the task of systematic theology. *Journal of the Evangelical Theological Society* September 1999 Many students and pastors will find all they need here and will in addition be helped to relate their knowledge to recent developments in the theological world. *The Churchman: A Journal of Anglican Theology* 1991 A gold mine of helpful material. *The Christian Century* May 29 June 5 1991 No book that I know is more loaded with biblical and theological facts than this one. The prodigious research that must have gone into the preparation of this volume is truly mind-boggling. *Faith and Mission* Fall 1991 Garrett has provided a massive and scholarly systematic theology from a thoroughly conservative and comprehensive viewpoint. The work is well documented in both biblical and historical scholarship and will prove to be a classic. *William Hendrickson Southern Baptist Theological Seminary* One of the

most comprehensive concise books of its type available it should receive wide use in the classroom and in the study Robert H Culpepper Southern Baptist Theological Seminary **Systematic Theology (Volume 1 of 3)** Augustus Hopkins Strong, 2020-08-13 Reproduction of the original Systematic Theology Volume 1 of 3 by Augustus Hopkins Strong

Systematic Theology Vol 1 Wolfhart Pannenberg, 2004-07-09 In Pannenberg's seminal work the Christian doctrine of God is discussed using exegetical analysis across a number of disciplines Truth the nature of revelation the language used to discuss God the trinity and theology in the public sphere are topics for debate *Systematic Theology, Volume 1* Paul Tillich, 1973-09-15 This is the first part of Paul Tillich's three volume Systematic Theology one of the most profound statements of the Christian message ever composed and the summation and definitive presentation of the theology of the most influential and creative American theologian of the twentieth century In this path breaking volume Tillich presents the basic method and statement of his system his famous correlation of man's deepest questions with theological answers Here the focus is on the concepts of being and reason Tillich shows how the quest for revelation is integral to reason itself In the same way a description of the inner tensions of being leads to the recognition that the quest for God is implied in finite being Here also Tillich defines his thought in relation to philosophy and the Bible and sets forth his famous doctrine of God as the Ground of Being Thus God is understood not as a being existing beside other beings but as being itself or the power of being in everything God cannot be made into an object religious knowledge is therefore necessarily symbolic *Systematic Theology, Volume 1, Fourth Edition* James Leo Garrett, 2014-09-14 Rivals the major systematic theologies of this century Baptist History and Heritage Journal July 1996 One of the characteristics of Garrett's system that needs especially to be noted is its balanced judicious and nearly invariably objective presentation of materials While holding true to the teachings of his own Baptist faith Garrett so carefully and judiciously presents alternatives that teachers and students from other confessional and denominational positions will find his work instructive Consensus 1997 If one is searching for an extensive exposition of the biblical foundations and historical developments of the various loci of systematic theology there is no more complete presentation in a relatively short work than this Pastors will especially find this feature to be a real help in teaching theology It is an indispensable contribution to the task of systematic theology Journal of the Evangelical Theological Society September 1999 Many students and pastors will find all they need here and will in addition be helped to relate their knowledge to recent developments in the theological world The Churchman A Journal of Anglican Theology 1991 A gold mine of helpful material The Christian Century May 29 June 5 1991 No book that I know is more loaded with biblical and theological facts than this one The prodigious research that must have gone into the preparation of this volume is truly mind boggling Faith and Mission Fall 1991 Garrett has provided a massive and scholarly systematic theology from a thoroughly conservative and comprehensive viewpoint The work is well documented in both biblical and historical scholarship and will prove to be a classic William Hendrickson Southern Baptist Theological Seminary One of the most comprehensive concise
