Albanian, Basic Course Army Language School (U.S.), 1960 Библиографија Југославије, 1977 Current Challenges in Architecture and Urbanism in Albania Anna Yunitsyna, Artan Hysa, Edmond Manahasa, Fabio Naselli, Odeta Durmishi Manahasa, Sokol Dervishi, 2021-08-21

This book aims to provide a cross sectorial assessment in a multidisciplinary and trans-cultural context onto the innovations in urban and architectural approaches in designing next human environments within the Albanian context. The continuous concentration of the world population in the urban areas and their consequent densification require even more quantity of quality spaces and places, integrated resources and energies, alternative modalities of mobility and transports, demand of social inclusion and need for a circular economy. These have become the major challenges for this 21st Century and some of the greatest problems facing humanity in most of current vision for the future. The main objective is to feed a debate about the emerging trans-cultural and trans-national approaches in the whole designing field from Albanian context and its current good practices, attempts and faults, both formal and informal. Thus the Albanian experience may represent an opportunity through which we all may reflect about how designing is evolving in the Mediterranean arena of praxis and experiments aimed to a better quality of life at the human scale and in expanding the concepts of place and space such as it has improved by the effects in designing innovations. This book represents a useful read of theories, experiences and case studies which can help in enlarging reflection on how the designing practice is evolving in the arena of forthcoming development strategies and tactics all addressed to improve the quality of life, places and spaces. Additionally it provides a range of architecture and urban design rationales and strategies for reinforcing identities and creating memorable places within the quality of

contemporary architecture and urbanism It addresses the unique needs of architects and planners to deal with topics that cut across social economic and environmental issues and shows readers how to explore methods theoretical frameworks and techniques to address the complex needs of architecture urban and cultural development **Vepra: Dituritë për**
