Toulouse-Lautrec Wolfgang Wittrock, 1985 **Toulouse-Lautrec, His Lithographic Work from the Collection of Ludwig Charell** National Gallery of Canada, 1953 **Toulouse-Lautrec** Henri de Toulouse-Lautrec, 2001 NAME **Henri de Toulouse-Lautrec** Henri de Toulouse-Lautrec, 1947 **Gawkers** Bridget Alsdorf, 2022-03-01

How the urban spectator became the archetypal modern viewer and a central subject in late nineteenth century French art *Gawkers* explores how artists and writers in late nineteenth century Paris represented the seductions horrors and banalities of street life through the eyes of curious viewers known as badauds In contrast to the singular and aloof bourgeois fl neur badauds were passive collective instinctive and highly impressionable Above all they were visual captivated by the sights of everyday life Beautifully illustrated and drawing on a wealth of new research *Gawkers* excavates badauds as a subject of deep significance in late nineteenth century French culture as a motif in works of art and as a conflicted model of the modern viewer Bridget Alsdorf examines the work of painters printmakers and filmmakers who made badauds their artistic subject including Félix Vallotton Pierre Bonnard Henri de Toulouse Lautrec Honor Daumier Edgar Degas Jean L on G r me Eug ne Carri re Charles Angrand and Auguste and Louise Lumi re From morally and intellectually empty to sensitive empathetic and humane the gawkers these artists portrayed cut across social categories They invite the viewer s identification even as they appear to threaten social responsibility and the integrity of art Delving into the ubiquity of a figure that has largely eluded attention idling on the margins of culture and current events *Gawkers* traces the emergence of social and aesthetic problems that are still with us today The Poster Ruth E. Iskin, 2014-10-07

The Poster Art Advertising Design and Collecting 1860s 1900s is a cultural history that situates the poster at the crossroads of art design advertising and collecting Though international in scope the book focuses especially on France and England Ruth E Iskin argues that the avant garde poster and the original art print played an important role in the development of a modernist language of art in the 1890s as well as in the adaptation of art to an era of mass media She moreover contends that this new form of visual communication fundamentally redefined relations between word and image poster designers embedded words within the graphic rather than using images to illustrate a text Posters had to function as effective advertising in the hectic environment of the urban street Even though initially commissioned as advertisements they were soon coveted by collectors Iskin introduces readers to the late nineteenth century iconophile a new type of collector curator archivist who discovered in poster collecting an ephemeral archaeology of modernity Bridging the separation between the fields of art design advertising and collecting Iskin s insightful study proposes that the poster played a constitutive role in the modern culture of spectacle This stunningly illustrated book will appeal to art historians and students of visual culture as well as social and cultural history media design and advertising
