Tabula Rasula:

Tabula Rasula Jed Rasula, 1986 Poetry Visual Poetry Laughing Gnosticism is the most ancient of the secret traditions Its earliest texts which date from the fifth millennium B C were discovered in a cave in the Caucasus in 1927 For reasons which are unclear however the texts have not been made public I have reason to believe that Rasula's Tabula is based on these ancient texts Some of the poems in fact are free translations of the Gnosis The central tenet of Laughing Gnosticism is that Laughter is a divine language which humans continue to use with more or less adequate syntax and diction despite the ancient loss of its semantic Its meditational practices are variously directed toward the recovery of the ancient code Donald Byrd Jed Rasula has been the editor of Wch Way magazine and a correspondent to Sulfur as well as a prolific critic and reviewer for journals newspapers and radio For several years he was researcher for the ABC television program Ripley's Believe It or Not in Los Angeles where he has lived since 1976

What the Thunder Said Jed Rasula, 2022-12-06 A rich cultural history of the creation explosive impact and enduring influence of T S Eliot's modernist masterpiece When T S Eliot published The Waste Land in 1922 it put the thirty four year old author on a path to worldwide fame and the Nobel Prize But as Jed Rasula writes The Waste Land is not only a poem it names an event like a tornado or an earthquake Its publication was a watershed marking a before and after It was a poem that unequivocally declared that the ancient art of poetry had become modern In What the Thunder Said Rasula tells the story of how The Waste Land changed poetry forever and how this cultural bombshell served as a harbinger of modernist revolution in all the arts from abstraction in visual art to atonality in music From its famous opening April is the cruellest month breeding Lilacs out of the dead land to its closing Sanskrit mantra Shantih shantih shantih The Waste Land combined singular imagery experimental technique and dense allusions boldly fulfilling Ezra Pound's injunction to make it new What the Thunder Said traces the origins reception and enduring influence of the poem from its roots in Wagnerism and French Symbolism to the way its strangely beguiling music continues to inspire readers Along the way we learn about Eliot's storied circle including Wyndham Lewis Virginia Woolf and Bertrand Russell and about poets like Mina Loy and Marianne Moore whose innovations have proven as consequential as those of the men of 1914 Filled with fresh insights and unfamiliar anecdotes What the Thunder Said recovers the explosive force of the twentieth century's most influential poem

Wreading Jed Rasula, 2022-03-29 Jed Rasula is a preeminent scholar of avant garde poetics noted for his erudition intellectual range and critical independence He's also a gifted writer his recent books have won praise for their entertaining clear prose in addition to their scholarship He is also an alumnus of UAP's distinguished Modern and Contemporary Poetics series which published his Syncopations fifteen years ago Rasula returns to the MCP series with Wreading A collection of essays interviews and occasional writings that reflects the breadth and diversity of his curiosity One of the referees likened Wreading to a victory lap but one that sets its own further record in the taking This is a collection of highlights from Rasula's shorter critical pieces but also a carefully assembled and revised intellectual

autobiography *Wreading* consists of two parts an assortment of Rasula's solo criticism and selected interviews and conversations with other critics and scholars Evelyn Reilly Leonard Schwartz Tony Tost Mike Chasar Joel Bettridge and Ming Qian Ma The collection opens with a trio of essays that complicate the idea of a poet By interrogating the selection of poets for anthologies in the 20th century Rasula identifies a host of forgotten poets once prominent but now forgotten Another essay on the state of the poetry anthology reveals how much influence literary gatekeepers have and what a reimagination of the anthology form could make possible In subsequent chapters Rasula finds surprising overlap between Dada and Ralph Waldo Emerson charts the deep links between image and poetic inspiration and reckons with Ron Silliman's *The Alphabet* a UAP classic In the book's second half Rasula engages in detailed conversations with a roster of fellow critics Their exchanges confront ecopoetics the corporate university the sheer volume of contemporary poetry and more This substantial set of dialogues gives readers a glimpse inside a master critic's deeply informed critical practice and lists his intellectual touchstones The balance between essay and interview achieves a distillation of Rasula's long established idea of wreading In his original use the term denotes how any act of criticism inherently adds to the body of writing that it purports to read how Rasula couldn't help but participate in his favorite poems In this latest form *Wreading* captures a critical perception that sparks insight and imagination no matter what it sees Temblor, 1989 The First Book Jesse Zuba, 2025-07-15 An illuminating look at the poetic debut in twentieth century American literary culture We have many poets of the First Book the poet and critic Louis Simpson remarked in 1957 describing a sense that the debut poetry collection not only launched the contemporary poetic career but also had come to define it Surveying American poetry over the past hundred years *The First Book* explores the emergence of the poetic debut as a unique literary production with its own tradition conventions and dynamic role in the literary market Through new readings of poets ranging from Wallace Stevens and Marianne Moore to John Ashbery and Louise Glück Jesse Zuba illuminates the importance of the first book in twentieth century American literary culture which involved complex struggles for legitimacy on the part of poets critics and publishers alike Zuba investigates poets' diverse responses to the question of how to launch a career in an increasingly professionalized literary scene that threatened the authenticity of the poetic calling He shows how modernist debuts evoke markedly idiosyncratic paths while postwar first books evoke trajectories that balance professional imperatives with traditional literary ideals Debut titles ranging from Simpson's *The Arrivistes* to Ken Chen's *Juvenilia* stress the strikingly pervasive theme of beginning accommodating a new demand for career development even as it distances the poets from that demand Combining literary analysis with cultural history *The First Book* will interest scholars and students of twentieth century literature as well as readers and writers of poetry **Close Listening** Charles Bernstein, 1998-04-30 *Close Listening* brings together seventeen strikingly original essays especially written for this volume on the poetry reading the sound of poetry and the visual performance of poetry While the performance of poetry is as old as poetry itself critical attention to modern and postmodern

poetry performance has been surprisingly slight This volume featuring work by critics and poets such as Marjorie Perloff Susan Stewart Johanna Drucker Dennis Tedlock and Susan Howe is the first comprehensive introduction to the ways in which twentieth century poetry has been practiced as a performance art From the performance styles of individual poets and types of poetry to the relation of sound to meaning from historical and social approaches to poetry readings to new imaginations of prosody the entries gathered here investigate a compelling range of topics for anyone interested in poetry Taken together these essays encourage new forms of close listenings not only to the printed text of poems but also to tapes performances and other expressions of the sounded and visualized word The time is right for such a volume with readings spoken word events and the Web gaining an increasing audience for poetry Close Listening opens a number of new avenues for the critical discussion of the sound and performance of poetry **Sagetrieb** ,1982 **The Book, Spiritual Instrument** Jerome Rothenberg,David M.
