que se le entrega a los jóvenes debe ser entregada en primera instancia por los padres porque son ellos los encargados de traspasar los valores de la familia a sus hijos y por ello deben estar alertos en los mensajes que los jóvenes reciben día a día que los pueden llevar por el camino errado. Es por esto que la autora nos entrega una serie de capítulos que ayudan a los padres a orientarse acerca de este tema importante en la formación del criterio de los jóvenes. Compilación de artículos acerca de las mujeres profesionales en Latinoamérica. El libro se inicia con tres artículos que presentan la problemática de las mujeres profesionales en general. En el primero de ellos, Serás lo que debas ser o sino no serás nada. El trabajo como mandato. Susana Pravaz estudia las funciones del trabajo en tanto factor de identidad, independencia económica, autonomía personal y placer, advirtiendo sin embargo que liberarse por el trabajo tiene su precio ya que puede transformarse en fuente de alienación y soledad. En el artículo el ideal maternal de las mujeres profesionales, Beatriz Kohen parte de este concepto por considerarlo un nudo importante en relación con la participación social y laboral de las mujeres. La conclusión a la que llega es que en contra de lo que pudiera suponerse, las mujeres profesionales lejos de delinear nuevas formas de representación de la maternidad, asumen el ideal maternal en formas muy similares a las establecidas tradicionalmente en la sociedad. El tercer artículo, la doble lealtad. Las mujeres profesionales y su familia. Ann Good analiza los conflictos que genera el ejercicio profesional en relación a los roles familiares a través de una comparación entre la situación en Estados Unidos y Argentina. Además se habla de la reciente aparición de nuevas formas de masculinidad a partir de las modificaciones de los roles femeninos tradicionales. A continuación, diversas autoras analizan las especificidades de una serie de profesiones. Entre las profesiones no tradicionales: odontólogas, científicas, médicas, arquitectas, directivas, otras tradicionalmente femeninas: Psicólogas, profesoras y asistentes sociales. **Revista teológica limense**, 1996.
