*The Kurds of Syria* Harriet Allsopp, 2016-11-14 Since the beginning of 2011 the political situation in Syria has consistently found itself at the top of news broadcasts newspaper headlines and the agendas of politicians Little known however has been the struggle of the Kurds in Syria to have their voice heard on the political stage and to have equitable access to both economic and political resources This examination of contemporary Kurdish politics in Syria therefore concentrates on the Syrian Kurdish political parties which operate illegally in the country It is these parties and their political leaders such as Abd al Hakim Bashar of the Kurdish Democratic Party in Syria and Abd al Hamid Darwish of the Kurdish Democratic Progressive Party in Syria who despite state sanctions have attempted to promote their political agendas and to bring about change for the approximately three million Kurds that currently reside in the country Harriet Allsopp examines Kurdish political parties how they have tried to negotiate their illegality and how they have developed since 1957 when the first one was established BY 1960 all political parties were banned and the Kurds found themselves under increased political pressure from the central state From 1960 until the present day this prohibition has been the official position of successive Syrian governments despite a brief political opening upon the accession of Bashar al Asad in 2000 It is through a systematic analysis of the history of Kurdish political parties that Allsopp highlights how on the eve of the Syrian uprising they were in the midst of a crisis widely seen as ineffectual and out of touch Nevertheless out of the uprising Kurdish politics has appeared to take on a much more cohesive and effective character The Kurds of Syria explores the fundamental issues of minority identity and the concept of being stateless in a turbulent region as well as the organisation of political parties in Syria making it vital for all those researching the politics of the modern Middle East

*History of Syria in One Hundred Sites* Y. Kanjou, Akira Tsuneki, 2016-07-10 This volume presents the long history of Syria

through a journey of the most important and recently excavated archaeological sites. The sites cover over 1.8 million years and all regions in Syria. 110 academics have contributed information on 103 excavations for this volume. *Syria's Peasantry, the Descendants of Its Lesser Rural Notables, and Their Politics* Hanna Batatu, 2012-09-17. In this book the distinguished scholar Hanna Batatu presents a comprehensive analysis of the recent social, economic and political evolution of Syria's peasantry, the segment of society from which the current holders of political power stem. Batatu focuses mainly on the twentieth century and in particular on the Ba'ath movement, the structures of power after the military coup d'état of 1963 and the era of Hafez al-Assad, Syria's first ruler of peasant extraction. Without seeking to prove any single theory about Syrian life, he offers a uniquely rich and detailed account of how power was transferred from one demographic group to another and how that power is maintained today. Batatu begins by examining social differences among Syria's peasants and the evolution of their mode of life and economic circumstances. He then scrutinizes the peasants' forms of consciousness, organization and behavior in Ottoman and Mandate times and prior to the Ba'athists' rise to power. He explores the rural aspects of Ba'athism and shows that it was not a single force but a plurality of interrelated groups, prominent among them the descendants of the lesser rural notables with different social goals and mental horizons. The book also provides a perceptive account of President Assad, his personality and conduct, and the characteristics and power structures of his regime. Batatu draws throughout on a wide range of socioeconomic and biographical information and on personal interviews with Syrian peasants and political leaders, offering invaluable insights into the complexities of a country and a regime that have long been poorly understood by outsiders.

*Syria Revealed*, 2004. Syria is a country with a great deal to offer both tourists and investors. However, Syria suffers from a poor image internationally. Not much is known about the country and unfortunately Syria is often in the headlines for the wrong reasons. Media Minds found that there was very little good quality published material on Syria and nothing that could do justice to some of the great cultural treasures and natural beauty of the country. After consultation with the Syrian government and Syrian businessmen, Media Minds began work on a book that would fill this void in a unique and dramatic way. The result of this work was a stunning photographic book that shows the great beauty and diversity of Syria through both its rich historical side and its modern face. The text to *Syria Revealed* is kept to around 80 words a page, but each word is carefully considered. Each page can stand alone and contains a text that compliments the photograph, adding to the story with interesting facts without repeating its obvious content. The content of the book is arranged in a way that reflects the eye of a photographer and is done with the intention of creating the most visually attractive format. There is a map at the end of the book to help situate the reader and identify the location of the images. The material is organized into fairly abstract chapter headings that break with the more traditional method of describing Syria along purely historical or geographical lines. In this way *Syria Revealed* portrays the many diverse sides to the country, the modern alongside the traditional. The book was designed for people with little time and was made as visually attractive as possible with a modern and original layout that is

both simple and elegant Syria Revealed does not contain stereotypical images such as veiled Islamic women that can often be misconstrued A great effort was made to ensure that all pictures were taken at the best time of day and of the year
