Anglo-American Media Interactions, 1850-2000 Joel H. Wiener, Mark Hampton, 2007-07-11 Through fourteen original essays by leading historians and media scholars Anglo American Media Interactions reveals the complicated ways in which British and American media have influenced each other over the past two centuries In doing so it adds an important transatlantic dimension to a media scholarship that normally remains within strictly national contexts while demonstrating the crucial and varied ways in which media have helped build an Anglo American special relationship **The Child Savage,**

1890-2010 Elisabeth Wesseling, 2016 Taking up the understudied relationship between the cultural history of childhood and media studies this volume traces twentieth century migrations of the child savage analogy from colonial into postcolonial discourse across a wide range of old and new media Older and newer media such as films textbooks children s literature periodicals comic strips children s radio and toys are deeply implicated in each other through ongoing remediation meaning that they continually mimic absorb and transform each other s representational formats stylistic features and content Media theory thus confronts the cultural history of childhood with the challenge of re thinking change in childhood imaginaries as transformation through repetition patterns rather than as rise shine decline sequences This volume takes up this challenge demonstrating that one historical epoch may well accommodate diverging childhood repertoires which are recycled again and again as they are played out across a whole gamut of different media formats in the course of time *Book Review*

Kulturphänomen Harry Potter Ina Karg, Iris Mende, 2010 English summary The hype about J K Rowlings sensationally successful series has since quieted down From a certain distance the many aspects of an event like the Harry Potter craze cannot be fully appreciated but one can pursue the question how it came about that a literary work of several thousand pages was able to find a global readership although the cultural setting of this epic world is more specifically national than almost any other in world literature A look at the public discourse particularly around the time the last volume was released sheds light on conceptions and expectations of literature Above all the texts themselves are examined different readings are sounded out and links are pursued to really understand the existing phenomena literary motives characters traditions and narrative styles Harry Potter surpasses all boundaries those of language markets target groups literary genres and traditions At the same time the multifaceted vision which the Harry Potter series necessitates signifies the need for a revision at least

of conventional literary studies German description Inzwischen ist es um J K Rowlings Erfolgsserie vergleichsweise ruhig geworden Aus einer gewissen Distanz heraus kann ein Ereignis wie Harry Potter zwar nicht in seiner ganzen Vielfalt gewürdigt werden Jedoch kann der Frage nachgegangen werden wie ein literarisches Werk von vielen tausend Seiten eine weltweite Leserschaft findet wo doch der Ort des Geschehens dieser epischen Welt so kulturspezifisch national ist wie kaum ein anderer in der gesamten Weltliteratur Der Blick auf den öffentlichen Diskurs vor allem bei Erscheinen des letzten Bandes gibt dabei Aufschluss über die Auffassungen von und Erwartungen an Literatur Der Blick richtet sich aber vor allem auf die Texte selbst lotet Lesarten aus und folgt Verweislinien zu real existierenden Erscheinungen literarischen Motiven Figuren Traditionen und Erzählweisen Harry Potter überschreitet alle Grenzen die der Sprache des Marktes der Adressatengruppe der literarischen Genres und Traditionen Die vielfältige Sicht die die Romanserie erforderlich macht bedeutet zugleich eine Revision zumindest herkömmlicher literaturwissenschaftlicher Arbeit Living Community, Living School Chris Searle, 1997 Combines a community orientated approach to education which seeks to empower local inner city communities with narrative commentary analysis intervention and strategy against the results of the Conservative restoration in state education its market system of schooling and the narrow confines of its National Curriculum It also provokes reflection about the true meaning of moral education stripped of the moralising hypocrisy
