Tr The Last Romantic:

T.R. H. W. Brands, 2019-07-23 From the New York Times bestselling author an acclaimed biography of President Teddy Roosevelt Lauded as a rip roaring life Wall Street Journal TR is a magisterial biography of Theodore Roosevelt by bestselling author H W Brands In his time there was no more popular national figure than Roosevelt It was not just the energy he brought to every political office he held or his unshakable moral convictions that made him so popular or even his status as a bonafide war hero Most important Theodore Roosevelt was loved by the people because this scion of a privileged New York family loved America and Americans And yet according to Brands if we look at the private Roosevelt without blinders we see a man whose great public strengths hid enormous personal deficiencies he was uncompromising self involved and a highly imperfect brother husband and father Beautifully written and powerfully moved by its subject TR is the classic biography of one of America s greatest and most complex leaders Six Frigates Ian W. Toll, 2008-03-17 A fluent intelligent history give s the reader a feel for the human quirks and harsh demands of life at sea New York Times Book Review Before the ink was dry on the U S Constitution the establishment of a permanent military became the most divisive issue facing the new government The founders particularly Jefferson Madison and Adams debated fiercely Would a standing army be the thin end of dictatorship Would a navy protect from pirates or drain the treasury and provoke hostility Britain alone had hundreds of powerful warships From the decision to build six heavy frigates through the cliff hanger campaign against Tripoli to the war that shook the world in 1812 Ian W Toll tells this grand tale with the political insight of Founding Brothers and the narrative flair of Patrick O Brian Bully Boy Jim Powell, 2006-08-08 What Hath TR Wrought I don t think that any harm comes from the concentration of power in one man s hands Theodore Roosevelt The notion that Theodore Roosevelt was one of America s greatest presidents is literally carved in stone right up there on Mount Rushmore But as historian Jim Powell shows in the refreshingly original Bully Boy Roosevelt s toothy grin outsized personality colossal energy and fascinating life story have obscured what he actually did as president And what Roosevelt did severely damaged the United States Until now no historian has thoroughly rebutted the adulation so widely accorded to TR Powell digs beneath the surface to expose the harm Roosevelt did to the country in his own era More important he examines the lasting consequences of Roosevelt s actions the legacies of big government expanded presidential power and foreign interventionism that plague us today Bully Boy reveals How Roosevelt the celebrated trust buster actually promoted monopolies How this self proclaimed champion of conservation caused untold environmental destruction How TR expanded presidential power and brought us big government How he heralded in the era of government regulation handicapping employers destroying jobs and harming consumers How he established the dangerous precedent of pushing America into other people s wars even when our own national interests aren t at stake How this crusader for pure food launched loony campaigns against margarine corn syrup and Coca Cola How Roosevelt inspired the campaign to enact a federal income tax that was supposedly a tax on the rich but became a people s

tax Bully Boy is both a groundbreaking look at a pivotal time in America's history and a powerful explanation of how so many of our modern troubles began

Theodore Roosevelt and the Making of American Leadership Jon Knokey, 2015-10-27 The epic story of how one man shaped events people and himself to forever change a country President Theodore Roosevelt forever transformed America ushering the country into the arena of world supremacy His brand of leadership is entirely American confident compassionate energetic diverse visionary But Roosevelt was not a born leader his ascent to the apex of power was not a foregone conclusion He made himself a leader of consequence and it is his epic journey to the White House a road filled with terrific failures intimate introspection and self made luck will inspire readers anew While a graduate student at Harvard author Jon Knokey a Roosevelt historian and business leader unearthed hundreds of unpublished letters and interview notes from Roosevelt contemporaries These long forgotten documents provide a fresh and stunning ringside seat along the 26th President's journey to 1600 Pennsylvania Avenue The stories from Harvard chaps idealistic political reformers coarse cowboys from the Badlands and rough and tumble Rough Riders from the nation's interior all combine to illuminate the maturation process of a man learning to lead at every stage of his life Fast paced and written as a biographical narrative Theodore Roosevelt and the Making of American Leadership places the reader alongside a young Theodore Roosevelt as he learns what he stands for and how he will lead Skyhorse Publishing as well as our Arcade imprint are proud to publish a broad range of books for readers interested in history books about World War II the Third Reich Hitler and his henchmen the JFK assassination conspiracies the American Civil War the American Revolution gladiators Vikings ancient Rome medieval times the old West and much more While not every title we publish becomes a New York Times bestseller or a national bestseller we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home

The Great Adventure Albert Marrin, 2007 Theodore Roosevelt is one of America's liveliest and most influential figures He was a scholar cowboy war hero explorer and a brilliant politician As president Roosevelt's far reaching policies abroad and at home forever changed both our nation's place in the world and the life of every modern American

The New Abolition Gary J. Dorrien, 2015-01-01 The black social gospel emerged from the trauma of Reconstruction to ask what a new abolition would require in American society It became an important tradition of religious thought and resistance helping to create an alternative public sphere of excluded voices and providing the intellectual underpinnings of the civil rights movement This tradition has been seriously overlooked despite its immense legacy In this groundbreaking work Gary Dorrien describes the early history of the black social gospel from its nineteenth century founding to its close association in the twentieth century with W E B Du Bois He offers a new perspective on modern Christianity and the civil rights era by delineating the tradition of social justice theology and activism that led to Martin Luther King Jr
