Once their capital is exhausted their agent will disappear and the discovery that the Ural diamond mines were a hoax would skyrocket the prices of diamonds once again leaving them rich men Their plan works perfectly and the prices go down just as they had expected Ezra Girdlestone travels to South Africa to buy from the dealers there while John Girdlestone starts buying in London After they spend all their money on diamonds and get ready to call their agent back from the Urals their plan collapses with the discovery of bona fide diamond mines in South Africa As a fellow conspirator tells Ezra in South Africa Russia or no Russia the prices will not go up He goes back to England and both of them sell their diamonds cheaply which leaves them in an even more precarious situation than they already were in A very old friend of John Girdlestone had entrusted his daughter to him before dying She was heir to 40 000 which she would inherit upon coming of age John Girdlestone persuades his son to seduce the girl and marry her so that they could get their hands on the money Ezra fails miserably not only because he is totally inept in romance but because the girl is already in love with another man **The**
