### MAX-Series

#### Customized Solutions

For unique operational requirements, MOGAS offers MAX-Series valves that involve strong collaboration between your engineering, operations and maintenance staff, along with MOGAS personnel. Site visits, technical discussions and/or specific testing are often required. These customized valves are special, one-of-a-kind solutions to satisfy your specific valve challenges.

To learn more, contact a MOGAS representative today.

The MOGAS y-pattern valve provides the optimum solution for combining process functions, reducing required space, and diverting or isolating flow within a single valve body. Metal-to-metal sealing gives dependable, repeatable isolation at high temperature, high pressure and acidic/alkaline process streams.

*A Practical Guide to Piping and Valves for the Oil and Gas Industry* Karan Sotoodeh, 2021-01-12 A Practical Guide to Piping and Valves for the Oil and Gas Industry covers how to select and maintain the right oil and gas valve. Each chapter focuses on a specific type of valve with a built in structured table on valve selection. Covering both onshore and offshore projects the book also gives an introduction to the most common types of corrosion in the oil and gas industry including CO<sub>2</sub> H<sub>2</sub>S pitting crevice and more. A model to evaluate CO<sub>2</sub> corrosion rate on carbon steel piping is introduced along with discussions on bulk piping components including fittings gaskets piping and flanges. Rounding out with chapters devoted to valve preservation to protect against harmful environments and factory acceptance testing this book gives engineers and managers a much needed tool to better understand today's valve technology. Presents oil and gas examples and challenges relating to valves including many illustrations from valves in different stages of projects. Helps readers understand valve materials testing actuation packing and preservation also including a new model to evaluate CO<sub>2</sub> corrosion rates on carbon steel piping. Presents structured valve selection tables in each chapter to help readers pick the right valve for the right project.

*Power Plant Instrumentation and Control Handbook* Swapan Basu, Ajay Kumar Debnath, 2014-11-04 The book discusses instrumentation and control in modern fossil fuel power plants with an emphasis on selecting the most appropriate systems subject to constraints engineers have for their projects. It provides all the plant process and design details including specification sheets and standards currently followed in the plant. Among the unique features of the book are the inclusion of control loop strategies and BMS FSSS step by step logic coverage of analytical instruments and technologies for pollution and energy savings and coverage of the trends toward field bus systems and integration of subsystems into one network with the help of embedded controllers and OPC interfaces. The book includes comprehensive listings of operating values and ranges of parameters for temperature pressure flow level etc of a typical 250 500 MW thermal power plant. Appropriate for project engineers as well as instrumentation control engineers the book also includes tables charts and figures from real life projects around the world. Covers systems in use in a wide range of power plants conventional thermal power plants combined cogen plants supercritical plants and once through boilers. Presents practical design aspects and current trends in instrumentation. Discusses why and how to change control strategies when systems are updated changed. Provides instrumentation selection techniques based on operating parameters. Spec sheets are included for each type of instrument. Consistent with current professional practice in North America Europe and India.

**gaining and maintaining my freedom al anon family groups** - May 03 2022

the freedom i receive in al anon doesn't mean i'm always happy in every area of my life or that other people's choices don't sometimes disturb and concern me but this freedom does mean that in spite of other people's choices i feel at peace with myself and i am given the strength to live my life in a way that's congruent with my values
