Ingenious Yankees:

Ingenious Yankees Donald Hoke, 1984 Ingenious Machinists Anthony J. Connors, 2014-10-20 *Ingenious Machinists* recounts the early development of industrialization in New England and New York through the lives of two prominent innovators whose work advanced the transformation to factory work and corporations the rise of the middle class and other momentous changes in nineteenth century America Paul Moody chose a secure path as a corporate engineer in the Waltham Lowell system that both rewarded and constrained his career David Wilkinson was a risk taking entrepreneur from Rhode Island who went bankrupt and relocated to Cohoes New York where he was instrumental in that city's early industrial development Anthony J Connors writes not just a history of technological innovation and business development but also two interwoven stories about these inventors He shows the textile industry not in its decline but in its days of great social and economic promise It is a story of the social consequences of new technology and the risks and rewards of the exhilarating but unsettling early years of industrial capitalism A New Nation of Goods David Jaffee, 2010 *A New Nation of Goods* highlights the significant role of provincial artisans in four crafts in the northeastern United States chairmaking clockmaking portrait painting and book publishing to explain the shift from preindustrial society to an entirely new configuration of work commodities and culture *The Rise and Decline of England's Watchmaking Industry, 1550-1930* Alun C. Davies, 2022-04-11 This survey of the rise and decline of English watchmaking fills a gap in the historiography of British industry Clerkenwell in London was supplied with rough movements from Prescott 200 miles away in Lancashire Smaller watchmaking hubs later emerged in Coventry Liverpool and Birmingham The English industry led European watchmaking in the late eighteenth century in output and its lucrative export markets extended to the Ottoman Empire and China It also made marine chronometers the most complex of hand crafted pre industrial mechanisms crucially important to the later hegemony of Britain's navy and merchant marine Although Britain was the workshop of the world its watchmaking industry declined Why First because cheap Swiss watches were smuggled into British markets Later in the era of Free Trade they were joined by machine made watches from factories in America enabled by the successful application to watch production of the American system in Waltham Massachusetts after 1858 The Swiss watch industry adapted itself appropriately expanded and reasserted its lead in the world's markets English watchmaking did not its trajectory foreshadowed and was later followed by other once prominent British industries Clerkenwell retained its pre industrial production methods Other modernization attempts in Britain had limited success or failed **The Roots of American Industrialization** David R. Meyer, 2003-05-21 Farms that were on poor soil and distant from markets declined whereas other farms successfully adjusted production as rural and urban markets expanded and as Midwestern agricultural products flowed eastward after 1840 Rural and urban demand for manufactures in the East supported diverse industrial development and prosperous rural areas and burgeoning cities supplied increasing amounts of capital for investment Florentine Ariosto Jones: A Yankee in

Switzerland and the Early Globalization of the American System of Watchmaking Frank Jacob, 2021-09-07 This book recounts the story of Florentine Ariosto Jones who after the Civil War decided to manufacture watches Combining the cheap labor available at the time in Switzerland with US manufacturing technologies Jones embarked on his venture to produce affordable watches for the American market Consequently he became a pioneer in the business of outsourcing labor for economic purposes through his contracting of labor to Europe While the company still exists today very little is known about Jones The present book will undoubtedly change this by telling the fascinating story of an American adventurer and his pursuit to globalize American watchmaking at the end of the 19th Century
