Standing Strong Through A Phenomenon

John Wilson (reviewer.)

Standing Strong Through A Phenomenon:

Sex Cults and Other Phenomena Volume One , Standing Strong Through a Phenomenon Lillian Konder,2000

The Critique of Management Vincent Blok,2021-11-29 This book reflects on the nature of business management to contribute to the development of a philosophy and ethics of management It engages in conceptual engineering of management to delineate the phenomenon of management and as a result to open a new perspective on management beyond its self evident conceptualization After questioning the self evident concept of management the author develops a philosophy of management with six dimensions of the nature of management management as participation management as resistance and responsive action management as constitution of meaning management as politico economic governance management as non reductive stakeholder engagement and management as epistemic insufficient entrepreneurship These six dimensions of management are taken as points of departure to develop an integrated concept of business ethics an individual competence for ethical business management and a concept of ethical codes for corporate social responsible behavior This new conception of philosophy of management and business ethics can guide future philosophical and empirical work on the nature of management The Critique of Management is an excellent resource for researchers students and professionals interested in philosophy of management business ethics and corporate social responsibility **A Fierce Little Tragedy**

Herman Stark,2021-07-26 The book explores in novel form what can happen to us whether professor or student as a result of the philosophical classroom The approach is to consider the classroom as a unique happening of philosophy different than reporting theories or doing research through which a distinctive mode of philosophical formation can occur **Nothing**

Good Is Allowed to Stand Léon Wurmser,Heidrun Jarass,2012-10-12 Work with patients with severe neuroses very often has to cope with the phenomenon that every progress in the analytic or therapeutic work is followed paradoxically by a clinical deterioration There are a number of dynamic factors that converge to bring about this negative therapeutic reaction including many layered guilt and shame aspects of envy and jealousy attachment to negative affects turning trauma from passive to active conflicts within the superego and the defensive use of omnipotence of responsibility In Nothing Good Is Allowed to Stand Wurmser Jarass and their colleagues consider these and other factors insightfully such as the extent to which traumatization lives on in self directed aggressions of the superego in the claim of omnipotence the significant role of deep conflicts between opposite values and loyalties in bringing about the prohibition of anything good and thus of the negative therapeutic reaction in particular and masochism in general and the extent to which envy jealousy and resentment can be encountered in the inner object the inner judge i e the superego and how they are directed against the self

Premises Werner Hamacher,1999 Poetry does not impose it exposes itself wrote Paul Celan Werner Hamacher s investigations into crucial texts of philosophical and literary modernity show that Celan s apothegm is also valid for the structure of understanding and for language in general In Premises Hamacher demonstrates that the promise of a subject

position is not only unavoidable and thus operates as a structural imperative but is also unattainable and therefore by necessity open to possibilities other than that defined as position to redefinitions and unexpected transformations of the merely thetical act Proceeding along the lines of both philosophical argument and critical reading Hamacher presents the fullest account of the vast disruption in the theories and ethics of positional and propositional acts a disruption first exposed by Kant's analysis of the minimal requirements for linguistic and practical action Focusing on the double trait of every premise that it is promised but never attained Hamacher analyzes nine decisive themes topics and texts of modernity the hermeneutic circle in Schleiermacher and Heidegger the structure of ethical commands in Kant Nietzsche's genealogy of moral terms and his exploration of the aporias of singularity the irony of reading in de Man the parabasis of positing acts in Fichte and Schlegel Kleist's disruption of narrative representation the gesture of naming in Benjamin and Kafka and the incisive caesura that Paul Celan inserts into temporal and linguistic reversals There is no book that so fully brings the issues of both critical philosophy and critical literature into reach Reviews Werner Hamacher's Premises is the heir and successor to the most important theoretical and critical work done in American departments of comparative literature from the 1960s through the 1980s Yet Premises is no more a work of literary scholarship than one of philosophical submission to philosophy With the gesture that is genuinely called post structural which is the suspicion and suspension of every code the book's act of freedom is freedom to read and write language tout court Timothy Bahti University of Michigan Hamacher's project can be described as the retracing of the epistemological ground upon which the modern conception of the literary was erected It is quite clear to me that there is nothing presently available to rival this book Wlad Godzich University of Geneva

On the Facts of Earthquake Phenomena Mallet, 1850 **Wonders of Acoustics; Or, The Phenomena of Sound** Rodolphe Radau, 1872 Studies of Modern Mind and Character at Several European Epochs John Wilson, 1881 The Religion of Spiritualism, Its Phenomena and Philosophy Samuel Watson, 1881 The treasury of British eloquence, compiled by R. Cochrane Robert Cochrane (miscellaneous writer), 1877 *Curriculum and Teaching Dialogue Vol 20 Issue 1 & 2* Chara Haeussler Bohan, Michelle Tenam-Zemach, 2018-08-20 Curriculum and Teaching Dialogue is the journal of the American Association of Teaching and Curriculum AATC founded on October 1 1993 The AATC promotes the scholarly study of teaching and curriculum through conferences journals and member interactions encouraging all analytical and interpretive approaches

Studies of modern mind and character John Wilson (reviewer.), 1881 *The Law of Psychic Phenomena* Thomson Jay Hudson, 1893 **Psychical Phenomena and the War** Hereward Carrington, 1918 **The Journal of Physiology**, 1895 **Autobiography of Thomas Guthrie, D.D.** Thomas Guthrie, 1874 *The Phenomena of Spiritualism* Asa Mahan, 1876 *Our Paper*, 1895 *Light*, 1909
