BOOK JACKET Theatre and Internationalization Ulrike Garde,John R. Severn,2020-10-29 Theatre

and Internationalization examines how internationalization affects the processes and aesthetics of theatre and how this art form responds dramatically and thematically to internationalization beyond the stage. With central examples drawn from Australia and Germany from the 1930s to the present day the book considers theatre and internationalization through a range of theoretical lenses and methodological practices including archival research, aviation history, theatre historiography, arts policy, organizational theory, language analysis, academic practitioner insights and literary textual studies. While drawing attention to the ways in which theatre and internationalization might be contributing productively to each other and to the communities in which they operate, it also acknowledges the limits and problematic aspects of internationalization. Taking an unusually wide approach to theatre the book includes chapters by specialists in popular commercial theatre, disability theatre, Indigenous performance theatre, by and for refugees and other migrants, young people as performers, opera and operetta and spoken art theatre. An excellent resource for academics and students of theatre and performance studies especially in the fields of spoken theatre, opera and operetta studies and migrant theatre.

Theatre and Internationalization explores how theatre shapes and is shaped by international flows of people, funds, practices and works. *Teaching Chinese Language in Singapore* Soh Kay Cheng, 2022-01-01 This book is cast in a Singaporean context in which Chinese Language is taught as a second language with an emphasis on communicational skills.
