Speaking Respect Respecting Speech:

Speaking Respect, Respecting Speech Richard L. Abel, 1998-05-06 The feminist campaign against pornography the furor over a racial epithet in the O J Simpson trial and Iran's continuing threat to kill Salman Rushdie exemplify the intense passions aroused by hurtful speech Richard Abel offers an original framework for understanding and attempting to resolve these pervasive and intractable conflicts Drawing on sociological theories of symbolic politics he views such confrontations as struggles for respect among status categories defined by nationality religion race gender sexual orientation and physical difference Abel convincingly exposes the inadequacies of the conventional responses to speech absolutist civil libertarianism and enthusiastic state regulation Instead he argues only apologies exchanged within the communities that construct collective identities can readjust social standing damaged by hurtful words and images In recasting the problem in terms of equalizing cultural capital Abel opens a new pathway through the wrongs and rights of speech **Van haat gesproken?**

Jogchum Vrielink, 2010 **Campus Hate Speech on Trial** Timothy C. Shiell, 2009 Ban it the initial arguments for campus speech codes Wayne Dick's plea the critics fight back See you in court the campus hate speech cases Hostile environment takes a front seat The attack on hostile environment And the verdict is The debate 1998 2008 **Global Politics as if**

People Mattered Mary Ann Tétreault, Ronnie D. Lipschutz, 2009-05-16 Now in a fully updated and revised edition this concise and engaging text introduces global politics and international relations with an emphasis on the social individual Using practical examples as well as theory the authors show students how they can take charge of their lives and the politics that affect them even in the context of a vast global economy and impersonal international forces that sometimes seem out of control Filled with idealism yet firmly grounded in current realities Global Politics as if People Mattered is a fresh take on the proper place and potential of individuals in world politics front and center actively engaged in a way of life that is as politically personal as it is politically powerful *African Americans and the First Amendment The Case for Liberty and Equality*

Timothy C. Shiell, 2019-01-01 The first detailed examination of African Americans and First Amendment rights from the colonial era to the present African Americans and the First Amendment is the first book to explore in detail the relationship between African Americans and our first freedoms especially freedom of speech Timothy C Shiell utilizes an interdisciplinary approach to demonstrate that a strong commitment to civil liberty and to racial equality are mutually supportive as they share an opposition to orthodoxy and a commitment to greater inclusion and participation This crucial connection is evidenced throughout US history from the days of colonial and antebellum slavery to Jim Crow in the landmark US Supreme Court decision in 1937 freeing the black communist Angelo Herndon in the struggles and victories of the civil rights movement from the late 1930s to the late 60s and in the historical and modern debates over hate speech restrictions Liberty and equality can conflict in individual cases Shiell argues but there is no fundamental conflict between them Robust First Amendment values protect and encourage demands for racial equality while weak First Amendment values in contrast
