**Speaking the Truth in Love to Mormons** Mark J. Cares,1998-04-01 Though it is called the Church of Jesus Christ of Latter Day Saints the Mormon faith isn't Christian Defining the key issues of Mormonism and how to witness in a non confrontational loving way is the mission of the highly acclaimed book *Speaking the Truth in Love to Mormons* Written by Reverend Mark Cares who has witnessed in the western United States for two decades this book shows how we can point our Mormon friends to salvation through faith in Jesus Christ Also available are simple to follow witness tracts and witness guides

**Is Mormonism Now Christian?** Steven A. Crane,2010-01-01 For years Mormonism has taught that all the creeds of Christianity were an abomination and all other churches were corrupt Pearl of Great Price Joseph Smith 1:19 Joseph Smith was told not to join with any of them but to help lead in what would be a restoration of the true church In the same way Christianity has never accepted Mormons among their ranks considering them teachers of a different gospel Galatians 1:6 But a new ecumenical spirit of openness might suggest that the doctrinal distance between these two groups is shrinking Are the two sides actually moving closer together Is there significant change within the ranks of Mormonism If so is the change widespread Does this new direction reflect the views of the leadership or is it simply the belief of a few Worse yet is it a deceptive media ploy on behalf of the Church of Jesus Christ of Latter day Saints LDS to appear to be something it is not This work is a fresh new look at the distinctives between Christianity and Mormonism in an attempt to answer the question *Is Mormonism Now Christian*

*I Love Mormons* David L. Rowe,2005-08-01 David L Rowe asserts that many Mormons view Christian witnessing as Bible bashing What Christians need to understand he suggests is that Latter day Saints are an entirely separate ethnic group with their own history values and customs Evangelizing Mormons can be so much more effective if Christians first know understand and respect Mormon heritage With helpful illustrations and discussions of Mormon values and theology Rowe calls Christians away from confrontational evangelism and instead suggests active listening and respect as a way to bridge Christian beliefs and Mormon culture A glossary in the back of the book and discussion questions at the end of each chapter will help readers apply these concepts in their own witnessing experiences In the end Christians will be more approachable representatives of Christ

**Faithful History** George Dempster Smith, 1992 Over the past decade Mormon history has undergone a transformation as LDS scholars have debated how their church s story should be written New Mormon Historians distinguish between what they believe is verifiable and what they suspect may be folklore and they approach history from a variety of different academic and social perspectives Mormonism has also become of interest to non LDS scholars This raises the question of whether outsiders can truly understand Mormons and conversely whether insiders can achieve enough detachment to see themselves objectively or whether this is even desirable Does history have an inherent meaning beyond the scholar s particular viewpoint and should a writer strive to understand another person s perspective or is one s own subjective vantage all that is possible and ultimately what is important The new Mormon traditionalists contend that objectivity is in fact impossible and that history is written with certain pre understandings also that some viewpoints are superior based on spiritual insight including a belief in God and in Joseph Smith as the prophet and that one should not impassively report examples of faith but should actively promote them In this compilation the editor has assembled sixteen essays which represent all sides of this ongoing discussion
