Session of the Legislature* New York (State), 1986 *Byzantine Philosophy and its Ancient Sources* Katerina Ierodiakonou, 2002-03-28 Byzantine philosophy is an almost unexplored field Being regarded either as mere scholars or as primarily religious thinkers Byzantine philosophers for the most part have not been studied on their own philosophical merit and their works have hardly been scrutinized as works of philosophy Thus although distinguished scholars in the past have tried to reconstruct the intellectual life of the Byzantine period there is no question that we still lack even the beginnings of a systematic understanding of the philosophy of the Byzantines Byzantine Philosophy and its Ancient Sources is conceived as a concerted attempt in this direction It examines the attitude the Byzantines took towards the ancient philosophical tradition and the specific ancient sources which they relied upon to form their theories But did the Byzantines merely copy ancient philosophers or interpret them the way they already had been interpreted in late antiquity Does Byzantine philosophy as a whole lack a distinctive character which differentiates it from the previous periods in the history of philosophy Eleven scholars representing different disciplines from philosophy and history to classics and medieval studies approach these questions by thoroughly investigating particular topics which give us some insight as to the directions in which we should look for possible answers These topics range in modern terms from philosophy of language theory of knowledge and logic to political philosophy ethics natural philosophy and metaphysics The philosophers whose works our contributors study belong to all periods from the beginnings of Byzantine culture in the fourth century to the demise of the Byzantine Empire in the fifteenth century *Forms of Talk* Erving Goffman, 1981-03 This book brings together five of Goffman s seminal essays Replies and Responses Response Cries Footing The Lecture and Radio Talk **The Expositor** Samuel Cox, Sir William Robertson Nicoll, James Moffatt, 1893 *Indoor Wireless Communications* Alejandro A.
