## **Spectacles And Predicaments Essays In Social Theory:**

**Spectacles and Predicaments** Ernest Gellner, 1979 A collection of essays concerned with some key problems in the study of philosophy politics and society     **Irony of Theology and the Nature of Religious Thought** Donald Wiebe, 1991 Donald Wiebe critically examines the pervasive assumption that theology is a form of religious thought that is both compatible with and supportive of religious faith The irony he argues is that theology is in fact detrimental to religion and the religious way of life     **Folklore, Cultural Performances, and Popular Entertainments** Richard Bauman, 1992-05-14 This collection of thirty seven entries selected from the more than 550 that make up the International Encyclopedia of Communications focuses on expressive forms and practices that are popular and participatory in nature folklore forms such as folktale and riddle cultural performances such as ritual and festival and popular entertainments such as puppetry and mime Cross references within each individual entry facilitate exploration within the volume while bibliographies appended to each entry direct the reader to related literature Covering basic concepts analytical perspectives communicative media expressive genres and complex performance events this concise yet comprehensive book is a handy reference for those interested in folklore and its growing role in drama anthropology and cultural studies     **Sociological Amnesia** Alex Law, Eric Royal Lybeck, 2016-03-03 The history of sociology overwhelmingly focuses on the winners from the classical canon Marx Durkheim and Weber to today's most celebrated sociologists This book strikingly demonstrates that restricting sociology in this way impoverishes it as a form of historically reflexive knowledge and obscures the processes and struggles of sociology's own making as a form of disciplinary knowledge Sociological Amnesia focuses on singular contributions to sociology that were once considered central to the discipline but are today largely neglected Chapters explore the work of illustrious predecessors such as Raymond Aron Erich Fromm and G D H Cole as well as examining exceptional cases of reputational revival as in the case of Norbert Elias or Gabriel Tarde Through understanding the obstacles of recognition faced by female sociologists like Viola Klein and Olive Schreiner and public intellectuals like Cornelius Castoriadis the volume considers the reasons why certain kinds of sociology are hailed as central to the discipline whilst others are forgotten In so doing the collection offers fresh insights into not only the work of individual sociologists but also into the discipline of sociology itself its trajectories forgotten promises and dead ends     **Max Weber and Islam** Wolfgang Schluchter, 2019-01-22 Max Weber and Islam is a major effort by Islamic studies specialists to reexamine and appraise Max Weber's perspectives on Islam and its historical development Eight specialists on Islam and two sociologists explore many dimensions of Weber's comments on Islam along with Weber's conceptual framework The volume's introduction links the discussions to contemporary issues and debates Wolfgang Schluchter reconstructs Weber's conceptual apparatus as it applies to Islam and its historical development In subsequent chapters Islamic specialists consider such major topics as the developmental history of Islam Islamic fundamentalism Islamic reform Islamic law and capitalism secularization in Islam as well as the value of

attempting to apply Weber's concept of sects to Islam. While some authors find flaws in Weber's factual knowledge of Islam, they also find considerable merit in the kinds of questions Weber raised. Contributors to the volume include highly respected contemporary international scholars of Islam: Ira Lapidus, Nehemia Levtzion, Richard M. Eaton, Peter Hardy, Rudolph Peters, Barbara Metcalf, Francis Robinson, Patricia Crone, Michael Cook, and S. N. Eisenstadt. Toby Huff's introduction not only knits the thematics of the separate essays together but adds its own stresses while engaging the contributors in dialogue and debate about fundamental issues. This acute collective analysis establishes a new benchmark for understanding Weber and Islam. This book also provides an up-to-date overview of the developmental history of many aspects of Islam. A major reappraisal of the entire span of Max Weber's sociological thought on Islam, this book will appeal to a wide range of scholars and laymen interested in the Islamic world. It will be of particular interest to sociologists specializing in religion and Middle East area specialists.

The Strategy of Maoism in the West Jones, David M., Smith, M. L.R., 2022-06-16. Investigating 20th century Chinese ideology through the two main elements of passionate belief and cultivation of rage, this timely book examines how Maoist thinking has influenced Western politics.

Ernest Gellner and Modernity Michael Harry Lessnoff, 2002. An exposition of Gellner's thought both in terms of the specific areas in which he worked and the underlying consistency of his theoretical principles. It provides a context within which to evaluate Gellner's contribution to social and political thought.
