## **State In Global Perspective:**

Religion and Nationalism in Global Perspective J. Christopher Soper, Joel S. Fetzer, 2018-10-11 Offers a new framework for understanding how religion and nationalism interact across diverse countries and religious traditions     Global Perspectives on Development Administration and Cultural Change Afolayan, Gbenga Emmanuel, Akinwale, Akeem Ayofe, 2016-08-30 As countries around the world make continuous strides in developing their economies it has become increasingly important to evaluate the different ways culture impacts the growth of a region Global Perspectives on Development Administration and Cultural Change investigates the impact of economic growth on different demographics throughout the world Identifying theoretical concepts and notable topics in the areas of economic development organizational culture and cultural shifts this book is an essential reference source for policymakers development planners international institutions public policy analysts administrators researchers and NGOs     The State in Global Perspective Ali Kazancigil, 1986     Freedom of Speech and Information in Global Perspective Pekka Hallberg, Janne Virkkunen, 2017-03-13 This book offers a unique exploration of the current state of freedom of speech as a basic right available to everyone The research focuses on the different development stages of the concept of freedom of speech and the use of modern indicators to depict the its treatment in different legal cultures including the obligations under international treaties and the effects that the globalising and digitalising environment have had on it The authors conduct a broad survey of freedom of speech around the world from Europe over Russia and both Americas to Africa Asia and Australia The aim of this survey is to identify safeguards of freedom of speech on both a national and an international level violations and threat scenarios and in particular challenges to freedom of speech in the digital era     *Political Science and Digitalization - Global Perspectives* Marianne Kneuer, Helen V. Milner, 2019-07-29 Digitalization is not only a new research subject for political science but a transformative force for the discipline in terms of teaching and learning as well as research methods and publishing This volume provides the first account of the influence of digitalization on the discipline of political science including contributions from 20 different countries It presents a regional stocktaking of the challenges and opportunities of digitalization in most world regions     **Women's Resistance in Global Context** Victoria E. Collins, 2025-12-26 This book provides a critically informed and interdisciplinary global examination of the instrumental role of women as resistance actors both historically and today Attention is given to the long and global histories that reveal systemic and structural oppression suffered by women while highlighting that they have been and continue to be an important force for organizing for social change Whether through the employment of formal or informal strategies of resistance such as acts of dissent activism pacifism and collective action this book recognizes and highlights that women have repeatedly stood in the face of social political and cultural violence in ways that have gone unrecognized Drawing heavily from existing feminist thought especially those feminist voices that exist on the disciplinary margins case studies are used to examine women s strategic resistance

acts Cases include women s resistance to the Taliban in Afghanistan Chile s un violador en tu camino a rapist in your path the censoring of feminist activism in China Korea s 4B movement Pussy Riot in Russia Turkey s International Women s Day the Women s Social and Political Union in the United Kingdom and the MeToo movement SolidarityIsForWhiteWomen as well as the freedom songs of the Civil Rights era from the United States Careful consideration is given to the role of the oppressive patriarchal state recognizing that many resistance actors and movements operate within a global order that enforces colonial carceral policies and prioritizes hetero patriarchal Western ideals The book includes chapters on the broad history of women s resistance movements strategies of nonviolent and violent resistance state and feminist backlash the dominance of white feminism in resistance development and philanthropic spaces media both traditional and digital and activism This is essential reading for scholars and students of criminology victimology feminist and gender studies sociology and international relations studies who are interested in the oft neglected role of women s resistance Europeanization in a Global Context

Didem Buhari Gulmez,2016-11-08 This book puts forward an original approach to Europeanization in a global context Following the world polity approach the author establishes the missing link between global European and domestic realms and reveals the multiplicity of dynamics and logics driving the reform process in European Union candidate countries A range of other topics are investigated including whether Europeanization is only driven by parochial strategic interests or by broader normative concerns and how we can make sense of the selectivity in domestic compliance with the EU without succumbing to binary thinking Focusing on the critical case of Turkey the book puts forward three varieties of Europeanization strategic normative and ritualized which underlie the complex dynamics that drive the reform processes in EU candidate countries It will be of interest to scholars and students with an interest in Sociology Political Science International Relations Globalization Europeanization European Studies and Turkish Studies

**Teaching American History in a Global Context** Carl J. Guarneri,Jim Davis,2015-07-17 This comprehensive resource is an invaluable teaching aid for adding a global dimension to students understanding of American history It includes a wide range of materials from scholarly articles and reports to original syllabi and ready to use lesson plans to guide teachers in enlarging the frame of introductory American history courses to an international view The contributors include well known American history scholars as well as gifted classroom teachers and the book s emphasis on immigration race and gender points to ways for teachers to integrate international and multicultural education America in the World and the World in America in their courses The book also includes a Views from Abroad section that examines problems and strategies for teaching American history to foreign audiences or recent immigrants A comprehensive annotated guide directs teachers to additional print and online resources

**The Oxford Handbook of Jurisdiction in International Law** Stephen Allen,Steve Allen,Daniel Costelloe,Malgosia Fitzmaurice,Paul Gragl,Edward Guntrip,2019 This Handbook provides an authoritative and comprehensive analysis of the concept of jurisdiction in international law The authors undertake a thematic analysis of its

history its contemporary application and how it needs to adapt to encompass future developments in international law

**Resources in Education** ,1984 *Buddhism in Global Perspective* Rabindra Panth,2003 Accompanying DVD The Royal ploughing ceremony of Thailand **Social Studies and the World** Merry M. Merryfield,Angene Hopkins Wilson,2005

**European Political Data Newsletter** ,1986 **Handbook of Politics** Kevin T. Leicht,J. Craig Jenkins,2009-11-28 Political sociology is the interdisciplinary study of power and the intersection of personality society and politics The field also examines how the political process is affected by major social trends as well as exploring how social policies are altered by various social forces Political sociologists increasingly use a wide variety of relatively new quantitative and qualitative methodologies and incorporate theories and research from other social science cognate disciplines The contributors focus on the current controversies and disagreements surrounding the use of different methodologies for the study of politics and society and discussions of specific applications found in the widely scattered literature where substantive research in the field is published This approach will solidly place the handbook in a market niche that is not occupied by the current volumes while also covering many of the same theoretical and historical developments that the other volumes cover The purpose of this handbook is to summarize state of the art theory research and methods used in the study of politics and society This area of research encompasses a wide variety of perspectives and methods that span social science disciplines The handbook is designed to reflect that diversity in content method and focus In addition it will cover developments in the developed and underdeveloped worlds **The Critical Theory of Robert W. Cox** Anthony Leysens,2008-10 This book some 20 years after the publication of Robert W Cox s seminal *Production Power and World Order Social Forces in the Making of History* offers the reader an analytical and comprehensive overview of his work and illustrates the continuing relevance thereof for contemporary research **Native Activism in Cold War America** Daniel M. Cobb,2008 Broadens the scope and meaning of American Indian political activism by focusing on the movement s early and largely neglected struggles revealing how early activists exploited Cold War tensions in ways that brought national attention to their issues **Nontimber Forest Products in the United States** Eric T. Jones,Rebecca Jean McLain,James F. Weigand,2002 A quiet revolution is taking place in America s forests Once seen primarily as stands of timber our woodlands are now prized as a rich source of a wide range of commodities from wild mushrooms and maple sugar to hundreds of medicinal plants whose uses have only begun to be fully realized Now as timber harvesting becomes more mechanized and requires less labor the image of the lumberjack is being replaced by that of the forager This book provides the first comprehensive examination of nontimber forest products NTFPs in the United States illustrating their diverse importance describing the people who harvest them and outlining the steps that are being taken to ensure access to them As the first extensive national overview of NTFP policy and management specific to the United States it brings together research from numerous disciplines and analytical perspectives such as economics mycology history ecology law entomology forestry geography and anthropology in order to provide a cohesive

picture of the current and potential role of NTFPs The contributors review the state of scientific knowledge of NTFPs by offering a survey of commercial and noncommercial products an overview of uses and users and discussions of sustainable management issues associated with ecology cultural traditions forest policy and commerce They examine some of the major social economic and biological benefits of NTFPs while also addressing the potential negative consequences of NTFP harvesting on forest ecosystems and on NTFP species populations Within this wealth of information are rich accounts of NTFP use drawn from all parts of the American landscape from the Pacific Northwest to the Caribbean From honey production to a review of nontimber forest economies still active in the United States such as the Ojibway harvest of plants recounted here the book takes in the whole breadth of recent NTFP issues including ecological concerns associated with the expansion of NTFP markets and NTFP tenure issues on federally managed lands No other volume offers such a comprehensive overview of NTFPs in North America By examining all aspects of these products it contributes to the development of more sophisticated policy and management frameworks for not only ensuring their ongoing use but also protecting the future of our forests

**Canadian Review of Studies in Nationalism** ,1988      **Social Change in the Southwest, 1350-1880** Thomas D. Hall,1989      **UNRISD Social Development News** ,1993

Eventually, you will very discover a further experience and expertise by spending more cash. yet when? reach you admit that you require to get those every needs when having significantly cash? Why dont you attempt to acquire something basic in the beginning?
