George Frederickson, 1994 The authors survey general revenue and demographic issues and then analyze the five policy areas education corrections transportation welfare and health that consume 84.3% of the state budget and that in terms of both cost and controversy rank highest on the state's policy agenda Emerging from this analysis is the disturbing consensus that Kansas is an increasingly divided state one urban younger and wealthier the other rural older and poorer **Principles of Environmental Management** Rogene A. Buchholz, 1998 Now in its second edition Rogene Buchholz's text offers a managerial perspective of the principles of environmental management rather than focusing on ecological aspects *Caught in the Net* Alessandro Bonanno, Douglas Constance, 1996 A documentary history that studies the series of laws passed by the US Congress to establish the federal immigration and naturalization policies which have been put into effect since the founding of the nation legislation which has been designed increasingly to restrict and curtail immigration and which has been particularly harsh on Asian immigrants since its inception Complete chapters are devoted to each major piece of legislation from the Reconstruction era to the Immigration Act of 1965 Documents attached to the end of each essay treat particular topics related to it Annotation copyright by Book News Inc Portland OR **Business & Society** Archie B. Buchholtz, 2000 Business and Society Ethics and Stakeholder Management uses numerous case histories to help you focus on the relationships between business and society stakeholders You will thoroughly examine major stakeholder groups and individuals such as the government consumers the environment communities employees and owners as well as ethical and strategic considerations Once again author Archie Carroll has woven cutting edge research into an easy to read understandable presentation The Presidency of James Earl Carter, Jr Burton Ira Kaufman, Scott Kaufman, 2006 A thoroughly revised updated and newly illustrated version of the Gaddis Smith called the best book on the totality of the Carter presidency The new edition includes more on the former president's foreign and environmental policies and expands coverage of the personal Carter as well as his wife Rosalyn's activist role during his administration **The State of the World's Cities**, 2004 Women's Reproductive Rights in Muslim Communities and Countries, 1994

World Development Report, 1991 This report synthesizes and interprets the lessons of more than forty years of development experience Together with last year s report on poverty and next year s on the environment it seeks to provide a comprehensive overview of the development agenda The 1990s began with dramatic changes as many countries in Eastern Europe and elsewhere initiated ambitious reforms of their economic and political systems Against the backdrop of these transitions this report links the historical debates that counseled policymakers in their past decisions the lessons of experience and the evolving thought on how best to proceed One of the most valuable lessons relates to the interaction between the state and the market in fostering development It describes a market friendly approach in which governments allow markets to function well and in which governments concentrate their interventions on areas in which markets prove inadequate The report looks at four main aspects of the relationship between governments and markets a investing in people b the climate for enterprises to flourish c the integration of countries with the global economy and d a stable macroeconomic foundation for sustained progress The report stresses that above all the future of developing countries is in their own hands Domestic policies and institutions hold the key to successful development *Global Politics* James Lee Ray, 1992 Ancillary packge available upon adoption State of the world 1990 Lester R. Brown, 1990 Daily Report United States. Foreign Broadcast Information Service, 1991 Sound and Fury Eric Alterman, 1993 Noted journalist and historian Alterman provides a compelling look at John McLaughlin William Safire Pat Buchanan and others who shape the political discourse of this country Neutrality and Non-alignment in the 1990s Poomagame Anantharamaiah Narasimha Murthy, B.
