## Stateits Historic Role:

**The State - Its Historic Role** Peter Kropotkin, Victor Robinson, 2020-05-26 In *The State Its Historic Role* Kropotkin explores the concept of the State and how it has influenced society throughout history A fascinating treatise by one of the most important Russian thinkers of the late 19th and early 20th centuries Pyotr Alexeyevich Kropotkin 1842 1921 was a Russian writer activist revolutionary economist scientist sociologist essayist historian researcher political scientist geographer biologist philosopher and advocate of anarcho communism He was a prolific writer producing a large number of pamphlets and articles the most notable being *The Conquest of Bread* and *Factories and Workshops* and *Mutual Aid A Factor of Evolution* This classic work is being republished now in a new edition complete with an excerpt from *Comrade Kropotkin* by Victor Robinson

**The State, Its Historic Role** Petr Alekseevich Kropotkin (kni'a'z'), 1920  
*Kropotkin, Read, and the Intellectual History of British Anarchism* M. Adams, 2015-06-04 Although marginal as a political force anarchist ideas developed in Britain into a political tradition This book explores this lost history offering a new appraisal of the work of Kropotkin and Read and examining the ways in which they endeavoured to articulate a politics fit for the particular challenges of Britain's modern history

**Anarchism After Deleuze and Guattari** Chantelle Gray, 2022-07-28 Deleuze and Guattari never identified as anarchists nor do they seem to know much about its historical development or continued praxis Yet their individual and collective work belies this apparent and wilful oversight through a steady consideration of revolutionary subjectivity and active political experimentation Chantelle Gray argues that while we cannot and should not attempt to call them anarchists their work resonates with core anarchist principles such as prefiguration careful experimentation and emergent strategies aimed at creating a feeling that life is worth living This involves paying attention to both joyous affects and sad passions which necessitates the affirmation of all of chance and from that fabulating new modes of existence By bringing together the philosophy of Deleuze and Guattari with the theory and practices of anarchism this book demonstrates that fabulating the future is nothing short of a noetic act making reasonable something which initially was senseless

**Kropotkin and the Anarchist Intellectual Tradition** Jim Mac Laughlin, 2016-02-20 Peter Kropotkin's philosophy of anarchism suffers from neglect in mainstream histories misrepresented as a utopian creed or a recipe for social chaos and political disorder the intellectual strengths and philosophical integrity is overlooked Moving beyond most previous accounts of Kropotkin's anarchism Mac Laughlin focuses less on the man and his political career instead providing a sustained and critical reading of his extensive writings on the social historical and scientific basis of modern anarchism The result is a thorough examination of a number of key themes in Kropotkin's philosophy of anarchism including his concerted efforts to provide anarchism with an historical and scientific basis the role of mutualism and mutual aid in social evolution and natural history the ethics of anarchism and the anarchist critique of state centred nationalism and other expressions of power politics
