Administration, scoring, and interpretation United States. Employment and Training Administration,1976 **Statistical Typing** Wanous,John A. Kushner,1990 Abstract Data Types Nell Dale,Henry M. Walker,1996 Since 1985 Nell Dale's texts have helped shape the way computer science is taught. Now she and Henry Walker, an accomplished instructor and author in his own right, are proposing a new focus for the junior/senior level data structures course. A timely response to the prevalence of object oriented programming, this new text expands the focus of the advanced data structures course to examine not only the structure of a data object but also its type. This new focus gives students the opportunity to look at data objects from the point of view of both user and implementer. Statistical Typing with Tabulation Problems

This new edition includes several entirely new chapters: Risk Adjusted Returns, Empirical Duration Analysis, of Floating Rate Securities, Holdings Based Return Attribution Analysis, Returns Based Style Attribution Analysis, Measuring Bond Liquidity, and Machine Learning, and provides substantially revised chapters on Interest rate modeling, Probability theory, Optimization models, and applications to bond portfolio management.
