Studies**

Status Discrimination In Japan:

A History of Discriminated Buraku Communities in Japan Teraki Nobuaki, Kurokawa Midori, 2025-10-01 At the heart of modern Japan there remains an intractable and divisive social problem with its roots in pre history namely the ongoing social discrimination against the D wa communities otherwise known as Buraku Their marginalization and isolation within society as a whole remains a veiled yet contested issue Buraku studies once largely ignored within Japan s academia and by scholarly publishers have developed considerably in the first decades of the twenty first century as the extensive bibliographies of both Japanese and English sources provided here clearly demonstrates The authors of the present study published in Japanese in 2016 and translated here by the Oxford scholar Ian Neary have been able to incorporate this most recent data Because of its importance as the first Buraku history based on this new research a wider readership was always the authors principal focus Yet it also provides a valuable source book for further study by those wishing to develop their knowledge about the subject from an informed base This history of the Buraku communities and their antecedents is the first such study to be published in English

Linguistic Stereotyping and Minority Groups in Japan Nanette Gottlieb, 2006-02-01 This book is the first full length study in English to examine the use of discriminatory language in Japan As in other countries there has been much debate about the public use of language deemed demeaning to certain groups within society especially in relation to the issue of minority rights versus freedom of speech Adding a new dimension to the discussion of language and society in Japan the book focuses on an aspect of language and power which highlights some of the dissent underlying Japan s officially promoted ideology of a harmonious society The text presents a revealing examination of the discriminatory language known as sabetsu yogo as identified by five minority groups the Burakumin the Ainu people with physical or mental disabilities women and ethnic groups within Japan

Transcultural Japan David Blake Willis, Stephen Murphy-Shigematsu, 2007-11-27 Transcultural Japan provides a critical examination of being Other in Japan Portraying the multiple intersections of race ethnicity class and gender the book suggests ways in which the transcultural borderlands of Japan reflect globalization in this island nation The authors show the diversity of Japan from the inside revealing an extraordinarily complex new society in sharp contrast to the persistent stereotypical images held of a regimented homogeneous Japan Unsettling as it may be there are powerful arguments here for looking at the meanings of globalization in Japan through these diverse communities and individuals These are not harmonious utopian communities by any means as they are formed in contexts both global and local of unequal power relations Yet it is also clear that the multiple processes associated with globalization lead to larger hybridizations a global m lange of socio cultural political and economic forces and the emergence of what could be called trans local Creolized cultures Transcultural Japan reports regional national and cosmopolitan movements Characterized by global flows hybridity and networks this book documents Japan s new lived experiences and rapid metamorphosis Accessible and engaging this broad based volume is an attractive and useful resource

for students of Japanese culture and society as well as being a timely and revealing contribution to research scholars and for those interested in race ethnicity cultural identities and transformations **Status Discrimination in Japan J.**

Suginohara,1982 Status Discrimination in Japan, The; Introduction to Buraku Problem Juichi Suginohara,1982

Embedded Racism Debito Arudou,2021-11-26 Despite domestic constitutional provisions and international treaty promises Japan has no law against racial discrimination Consequently businesses around Japan display Japanese Only signs denying entry to all foreigners on sight Employers and landlords routinely refuse jobs and apartments to foreign applicants Japanese police racially profile foreign looking bystanders for invasive questioning on the street Legislators administrators and pundits portray foreigners as a national security threat and call for their segregation and expulsion Nevertheless Japan s government and media claim there is no discrimination by race in Japan therefore no laws are necessary How does Japan resolve the cognitive dissonance of racial discrimination being unconstitutional yet not illegal *Embedded Racism* untangles Japan s complex narrative on race Starting with case studies of hundreds of Japanese Only exclusionary businesses it carefully analyzes the social construction of Japanese identity through laws public policy jurisprudence and media messages It reveals how the concept of a Japanese has been racialized to the point where one must look Japanese to have equal civil and human rights in Japan Completely revised and updated for this Second Edition including landmark events like the 2020 Tokyo Olympics the Covid Pandemic and the Carlos Ghosn Case *Embedded Racism* is the product of three decades of research and fieldwork by a scholar living in Japan as a naturalized Japanese citizen It offers a perspective into how Japan s entrenched misunderstood and deliberately overlooked racial discrimination not only undermines Japan s economic future but also emboldens white supremacists worldwide who see Japan as their template ethnostate Japan : politics, economy, society (1980-1984) : (a select bibliography) Angelika Pathak,1985 Shattering the Myth of the Homogeneous Society David Coates,1990 *European Studies on Japan* Ian Nish,Charles James Dunn,1979 **The Social Fabric of Japan** ,2000 This curriculum unit introduces students to the topic of minority identity issues in the context of Japanese society

Japanese Christians and Society Alan M. Suggate,1996 This book tells of the struggles of modern Japanese Christians for justice within Japan and in its relations with other peoples Drawing on many disciplines it focusses centrally on the pervasive Emperor system and shows how the ruling elite has persistently tried to revive the symbols of the pre war era when Shinto and the state were fused It considers the Japanese workforce especially those who are disadvantaged women day labourers and Asian migrant workers the environment and victims of pollution resident aliens and Japanese citizens who suffer discrimination and the search for justice and peace especially with other Asians The book shows how in grappling with these issues Japanese Christians are forging their own social theology which in turn challenges the West to self criticism and dialogue *Proceedings of the British Association for Japanese Studies* British Association for Japanese Studies,1985

Political Protest and Social Control in Pre-war Japan Ian Neary,1989 Contemporary Industrial Relations in Japan

Taishirō Shirai,1983 Essays on labour relations in the private sector and public sector in Japan includes a literature survey and discusses trends 1956 1979 internal labour markets wage structure employment security and role of subcontracting quality of working life woman worker working conditions in small scale industries trade unionism trade union structure and financial aspects dispute settlement collective bargaining and impact of top management comments on labour legislation and jurisprudence Diagrams glossary graphs and references **Work in Japan** ,1991 University of British Columbia Law Review University of British Columbia,2016 Japan Update ,1991 **New Directions in Political Economy** M Barbara Leons,Frances Rothstein,1979-03-29 **International Labour Documentation** International Labour Office.
