Australia and Canada Janina Boughey, 2017-06-15 It is commonly asserted that bills of rights have had a righting effect on the principles of judicial review of administrative action and have been a key driver of the modern expansion in judicial oversight of the executive arm of government A number of commentators have pointed to Australian administrative law as evidence for this righting hypothesis They have suggested that the fact that Australia is an outlier among common law jurisdictions in having neither a statutory nor a constitutional framework to expressly protect human rights explains why Australia alone continues to take an apparently formalist legalist and conservative approach to administrative law Other commentators and judges including a number in Canada have argued the opposite that bills of rights have the effect of stifling the development of the common law However for the most part all these claims remain just that there has been limited detailed analysis of the issue and no detailed comparative analysis of the veracity of the claims This book analyses in detail the interaction between administrative and human rights law in Australia and Canada arguing that both jurisdictions have reached remarkably similar positions regarding the balance between judicial and executive power and between broader fundamental principles including the rule of law parliamentary sovereignty and the separation of powers It will provide valuable reading for all those researching judicial review and human rights **The Law Reports ... of the Incorporated**

The Canada Income Tax Act: Enforcement, Collection, Prosecution - 2021 Edition (slightly updated) ... I made my life on this "World" since first seeing Kim Scott Neufeld in 1987, as She taught me the ITA in Tax Won at Concordia U.. (Or, tried to.

I wasn't the smartest cookie back then: still not, but when you only want to make Kim smile, make her happy, and win her heart and mind, like she did mine, you will write entire books for Her.)

That's why it has to be You Kim: not a substitute - In Kim I Trust, 'the brainiac gal' who got me into the professional CALLING of tax imposition in 1987 - the legally compellable PAYMENT of part of the 'fruits of our labour' for the benefit of ALL of us, who led me, in love of Her, to write my primary books on tax case, state-of-the-Art for their era - that I never once advised on or made a dime from, though costing me hugely, as also labours of love, to then take on a puny portion of Montreal's 'dis-organized crime' as well as fulfilling my desire to pick-up the CFE (FINALLY, full circle, in love with Her, and our law - see the breadth of my work-product on Googlebooks).
