Stay The Course:

Staying the Course Alice W. Brown, 2013-11-26 Staying the Course is about a college that many describe as being the way colleges used to be beautiful well maintained buildings and grounds caring capable faculty administrators who manage frugally and compassionately a bright energetic president willing to dedicate his life to assuring a solid future for the institution and students who study hard and work hard to serve those in need Still the college struggles to maintain what it has built and to increase its endowment small by comparison to many private institutions at the same time it continues to hold tuition low and provide funding to students who even with Pell grants need extra help to go to and stay in college How the college is managing to build a sustainable financial base is described in chapters focusing on the kinds of students who attend the faculty who teach the administrators who oversee the multiple programs that support the students as well as design new courses and new ways of teaching the trustees who guide the college and the president who has stayed long enough to see many of his dreams for the college realized to shape new dreams and to raise the funding that makes those dreams realities The college still struggles in many ways but its struggles are far less than they would be without the lessons the institution has learned and is offering to other small private colleges facing similar difficult circumstances With the many stories about the sad state of higher education today this book contradicts those stories with its description of how merging the values of the past with the information and strategies available today can enable a small college in a region of poverty and with a population of students with limited financial resources to rise above those threats and limitations to become a model for the future of such institutions *Poor George's Almanac: A 2008 Calendar* , **It's On the Way** Lisa Osteen Comes, 2021-08-24 Associate Pastor at Lakewood Church and sister to Joel Osteen Lisa Osteen Comes demonstrates how to keep an attitude of faith in discouraging times and to trust God in every season At times we all find ourselves in seasons of waiting for our dreams to be fulfilled our prayers to be answered or our circumstances to change But your dream has an appointed time and God always has victory in store for you And the seasons of waiting don't need to be periods of discouragement or hopelessness Instead they can be rich periods of joy growth and preparation for the plans and promotion that God has in store for you In *It's On the Way* Lisa Osteen Comes reminds readers that during these inevitable times in our lives God is faithful and our current season is temporary Lisa teaches readers how to press through challenges quit taking shortcuts instead of trusting God to give you His best allow God to fight your battles and silence the enemy within while giving encouragement and practical steps to take when you don't know what to do next *Safire's Political Dictionary* William Safire, 2008 Featuring more than one thousand new rewritten and updated entries this reference on American politics explains current terms in politics economics and diplomacy *Leadership in the Pacific Islands* Donald R. to this year's presidential election and even more so to the fate of the country Huffington makes the case that America has been hijacked from within by a radical element the lunatic fringe of the Right that has taken over the Republican Party Despite holding views at odds with the majority of Americans these zealots have given us an endless war in Iraq a sputtering economy a health care system on life support a war on science and reason and an immoral embrace of torture But they haven't done it on their own they have been enabled by a compliant media that act as if there is no such thing as truth and are more interested in cozying up to those in power than in holding them accountable and by feckless Democrats who have allowed themselves to be intimidated into backing down again and again Both a withering indictment and a hopeful call to arms *Right Is Wrong* is an explosive boldly incisive work that will help set the national agenda **Unusually Stupid Politicians**
