Happy Never After Jill Stark,2018-07-30

Jill Stark was living the dream She had a coveted job as a senior journalist she was dating a sports star and her first book had just become a bestseller After years of chasing the fairytale ending she'd finally found it And then it all fell apart Getting her happy ever after plunged Jill into the darkest period of her life forcing her to ask if she'd been sold a lie What if all the things that she'd been told would make her happy were red herrings Could it be that the relentless pursuit of happiness was making her miserable From the ashes of Jill's epic breakdown comes this raw funny and uplifting exploration of our age of anxiety Charting her own life long battles with mental health Jill asks why in a western world with more opportunity choice and wealth than ever before so many of us are depressed anxious and medicated When we've never had more ways to connect why do we feel so profoundly disconnected Happy Never After is a soul searching journey from despair to clarity and a forensic examination of our troubled times Road testing neuroscience's latest psychological frontiers in compassion acceptance gratitude play hope and solitude Jill turns the happiness fairytale on its head and swaps the quick fix approach to mental health for the long road back to herself In the end Jill has a hard earned question for us We're all looking for answers We all want the happy ever after What would happen if we stopped chasing stayed still and found calm and meaning in places we least expected
