**Crimea Is Ours: The Crimean Tatars' Never Ending Struggle - A Short History** Melek Maksudoğlu,2023 The Crimean Tatars have often been ignored in the Crimean studies Whereas the Crimean Tatars are the indigenous people the owners of the land faced deportations multiple times and managed to arise each time They have returned to homeland after 50 years of struggle to build their own civilisation once they had it before the horrific deportation of 1944 Every Crimean Tatar elderly men women children they all had bright lights in their eyes The light of hope The hope to build their home in the land of their ancestors They had nothing in their possessions to start with They did not have a roof over their heads living in tents But they had the light of hope Soon it will be ten years of living under the Russian control and the light in the people s eyes are disappearing Once Crimea becomes free we have a lot to do Quote from Safinar Djemileva wife of the Crimean Tatar leader Mustafa Djemilev during a visit to her in exile in Istanbul 1 July 2023 This book is a short history of the Crimean Tatars based on the Crimean Tatars perspective

**Tatars of the Crimea** Edward Allworth,Columbia University. Center for the Study of Central Asia,1988 **The Crimean Tatars** Brian Glyn Williams,2001-01-01 This volume provides the most up to date analysis of the ethnic cleansing of the Crimean Tatars their exile in Central Asia and their struggle to return to the Crimean homeland It also traces the formation of this diaspora nation from Mongol times to the collapse of the Soviet Union A theme which emerges through the work is the gradual construction of the Crimea as a national homeland by its indigenous Tatar population It ends with a discussion of the post Soviet repatriation of the Crimean Tatars to their Russified homeland and the social emotional and identity problems involved

**Beyond Memory** G. Uehling,2004-11-26 In the early morning hours of May 18 1944 the Russian army under orders from Stalin deported the entire Crimean Tatar population from their historical homeland Given only fifteen minutes to gather their belongings they were herded into cattle cars bound for Soviet Central Asia Although the official Soviet record was cleansed of this affair and the name of their ethnic group was erased from all records and official documents Crimean Tatars did not assimilate with other groups or disappear This is an ethnographic study of the negotiation of social memory and the role this

had in the growth of a national repatriation movement among the Crimean Tatars. It examines the recollections of the Crimean Tatars, the techniques by which they are produced and transmitted, and the formation of a remarkably uniform social memory in light of their dispersion throughout Central Asia. Through the lens of social memory the book covers not only the deportation and life in the diaspora but the process by which the children and grandchildren of the deportees returned and anchored themselves in the Crimean Peninsula a place they had never visited.

**Émigré, Exile, Diaspora, and Transnational Movements of the Crimean Tatars** Filiz Tutku Aydin, 2021. In 2014 Crimea was catapulted into the worldwide media following its forcible annexation by Russia. The Crimean Tatars who were deported en masse in 1944 and who managed to return home in the 1990s were threatened once again with deportation. Filiz Tutku Aydin's book tells the remarkable story of how in the course of the twentieth century the Crimean Tatars managed to survive the tribulations of exile in foreign lands and how some managed against incredible odds to return home. Aydin's book is truly unique in that it tells us not only about Crimean Tatar exiles in Soviet Central Asia but also about the little known experience of diasporan communities in Romania, Turkey and the United States. Paul Robert Magocsi, University of Toronto, Canada. Filiz Tutku Aydin is steeped in the history, language and culture of Crimean Tatars and their tragic history of dispersal. Using careful exegesis of the comparative literature and rich descriptions of Tatars abroad the author graphically shows how their diaspora was mobilized despite their poignant history of exile and deportation. Robin Cohen, Professor Emeritus of Development Studies, University of Oxford, UK. Filiz Tutku Aydin treats this complex subject with the deep insight of an insider and a sound analysis of a scholar. Hakan Kıraklı, Bilkent University, Turkey. This is a fascinating study of Crimean Tatars as a transnational nation. Martin S. Kefeld, Ludwig Maximilian University of Munich, Germany. This book explains the unexpected mobilization of the Crimean Tatar diaspora in recent decades through an exploration of the exile experiences of the Crimean Tatars in Central Asia, Middle East, Eastern Europe and North America. This book adds to the growing literature on diaspora case studies and is essential reading for researchers and students of diasporas, migration, ethnicity, nationalism, transnationalism, identity formation and social movements. Moreover this book is relevant both for specialists in Crimean Tatar Studies and for the larger fields of Communist Post Communist, Middle Eastern European and American studies. Filiz Tutku Aydin is Assistant Professor in the Department of Political Science and Public Administration at the Social Sciences University of Ankara, Turkey.

American studies    **The Crimean Tatars and Their Influence on the 'triangle of Conflict'** ,2008 The dissolution of the Soviet Union brought about multidimensional problems to the former republics of the USSR and their inhabitants In 1990s Ukraine Crimea became a center of conflict between Ukraine and Russia over the former Soviet Black Sea Fleet and Crimea itself perceived as historically their own by both sides of the conflict Local Crimean authorities took advantage of the specificity of a demographic situation in Crimea were Ukrainians the titular nation are in minority and considerably Russified to claim for autonomy Later they attempted to secede from Ukraine At the same time the Crimean Tatar influx from exile orchestrated by the Stalin regime in 1944 further exacerbated the triangle of conflict between the dyads Russia Ukraine and Crimea Ukraine The Crimean Tatars currently 12 percent of the Crimean population proclaimed Crimea the national territory of the Crimean Tatar people on which they alone possess the right to self government and claimed greater rights for themselves as allegedly the most indigenous peoples in Crimea while the rest are colonizers The thesis explains the historical developments in Crimea and attempts to draw implications to the Ukrainian government in dealing with Crimean Tatar nationalism which seems to be overcoming the problems within the triangle of conflict that was so sharp in 1990s    **This**
