

Public Speaking

*I'm not a performer or an orator
I've told you this many times,
But you behave as if you lacked understanding*

*Everybody has different abilities
It's unreasonable to expect everybody to be the same
Some people are speakers, others aren't*

*I'm an author, not a conversationalist
I don't want to be in the spotlight
And I don't like many eyes staring at me*

*You make me feel guilty and uncomfortable
Don't give me any assignments or responsibilities,
For I'm not a dependable person as I once was*

*I can't read or recite dramatically
I'm always tense when I stand before an audience
Even if I'm addressing people I know well*

*The performers alone can't make the show a success,
But you only praise the ones you see performing
You don't appreciate the work I do behind the scenes*

*I can't speak fluently due to a speech impediment,
So I have to avoid embarrassment
Public speaking is for people who can speak well*

*I don't like to engage in oral discussions
When I have an opinion of someone or something,
My writing figuratively does the talking for me*

First published in 1962 *Poetry and the Physical Voice* is a companion volume to author's *Poets Grammar* and its conclusions might well be related to his own recently published collection *Morant Bay and Other Poems* An enquiry as to how far the fact that poetry is vocal sound was modified by the invention of printing The eye perusal of some kinds of prose and even of verse is one thing the recognition of an individual voice behind an unsigned passage of poetry is another Shakespeare for a career wrote words to be spoken by voices which he could hear in imagination since their owners were well known to him but Tennyson composed aloud and so was confined to effects which his own voice could produce Besides Shakespeare and Tennyson Mr Berry considers other poets including some who have spoken out for themselves on gramophone records He further establishes that if a poet's physical voice its timbre and range tends to condition his achievement it also predisposes him to the use of particular syntactical and grammatical forms Some kinds of voice to show special advantage when using such forms and thus exploit the emotional moods appropriate to these forms This is an interesting read for scholars and researchers of English poetry and English literature **Longer English Poems** John Wesley Hales, 1892

Trying to Speak Anele Rubin, 2005 Winner of the 2004 Stan and Tom Wick Poetry Prize The voice in Anele Rubin's poems is so new and yet the movement is so artful subtle and modest there are never any theatrics in these poems They never yowl Pay attention to me Rubin is on the same wave length with Tomas Tranströmer and Yehuda Amichai The emotional range of her poems like theirs is enormous as is the range of locales many of which I know well and yet in *Trying to Speak* they appear with a clarity that had eluded me Philip Levine Judge Anele Rubin's poems illuminate an astonishing range of emotional experience Visual tactile simple and complex her words lure you from poem to poem sometimes exquisite sometimes austere
