*A History of Social Justice and Political Power in the Middle East* Linda T. Darling, 2013-05-02 From ancient Mesopotamia into the 20th century the Circle of Justice as a concept has pervaded Middle Eastern political thought and underpinned the exercise of power in the Middle East The

Circle of Justice depicts graphically how a government's justice toward the population generates political power military strength prosperity and good administration This book traces this set of relationships from its earliest appearance in the political writings of the Sumerians through four millennia of Middle Eastern culture It explores how people conceptualized and acted upon this powerful insight how they portrayed it in symbol painting and story and how they transmitted it from one regime to the next Moving towards the modern day the author shows how although the Circle of Justice was largely dropped from political discourse it did not disappear from people's political culture and expectations of government The book demonstrates the Circle's relevance to the Iranian Revolution and the rise of Islamist movements all over the Middle East and suggests how the concept remains relevant in an age of capitalism A must read for students policymakers and ordinary citizens this book will be an important contribution to the areas of political history political theory Middle East studies and Orientalism

**Religionen im Nahen Osten: Irak, Jordanien, Syrien, Libanon** Hannelore Müller, 2009 Diese religionswissenschaftliche Publikation führt in die religiöse Pluralität in ausgewählten Ländern des Nahen Ostens ein Bei jeder Religionsgemeinschaft werden einheitlich religiöse Lehre Religions- bzw Kirchengeschichte präsentiert In Band I kommen folgende religiöse Gruppierungen zur Sprache im Irak Muslime Christen Juden Yeziden Mandäer in Jordanien Muslime und Christen in Syrien Muslime Nusayrier Alawiten Christen im Libanon Christen Drusen Muslime Zum besseren Verständnis der Hintergründe und Zusammenhänge beginnen die

chronologisch dargestellten Religionsgeschichten mit der Entstehung der Religionsgemeinschaft wobei allerdings der inhaltliche Akzent auf dem 20 und 21 Jahrhundert liegt Mit dieser zusammenfassenden und auch f r Nicht Spezialisten verstandlichen Arbeit soll zum einen die bislang fehlende M glichkeit gegeben werden einen leicht zug nglichen berblick ber die Religionsgemeinschaften im Nahen Osten zu gewinnen Zum anderen soll sie als Ausgangspunkt und Grundlage f r anschlie ende Detailforschungen dienen *Militant Women of a Fragile Nation* Malek Abisaab,2010-02-26 In *Militant Women of a Fragile Nation* Malek Abisaab takes a gendered approach to labor conflicts anticolonial struggles and citizenship in modern Lebanon The author traces the conditions and experiences of women workers at the French Tobacco Monopoly

Militarism and Israeli Society Gabriel Sheffer,Oren Barak,2010-03-12 Challenging the established view that the civilian sector in Israel has been predominant over its security sector since the state s independence in 1948 this volume critically and systematically reexamines the relationship between these sectors and provides a deeper more nuanced view of their interactions Individual chapters cast light on the formal and informal arrangements connections and dynamic relations that closely tie Israel s security sector to the country s culture civil society political system economy educational system gender relations and the media Among the issues and events discussed are Israel s separation barrier the impact of Israel s military confrontations with the Palestinians and other Middle Eastern states especially Lebanon and the impact of the wars in Iraq and Afghanistan The Israeli case offers insights about the role of the military and security in democratic nations in contemporary times

Historical Dictionary of Syria David Dean Commins,1996-07-11 A Syrian historical dictionary providing brief definitions of important personalities places events and linguistic and religious groups from the Arab conquest in the 17th century to the present Commins history Dickinson College introduces the country with a general overview of its geography *The Struggle for Power in Syria* Nikolaos Van Dam,1996-05-15 Van Dam provides an in depth analysis of the role of sectarian regional and tribal loyalties in contemporary Syrian history and focuses attention on developments within the military and civilian power elite and the Ba th Party organization

**Forthcoming Books** Rose Arny,1994-02 *The Origins of the Lebanese National Idea* Carol Hakim,2013-01-19 In this fascinating study Carol Hakim presents a new and original narrative on the origins of the Lebanese national idea Hakim s study reconsiders conventional accounts that locate the origins of Lebanese nationalism in a distant legendary past and then trace its evolution in a linear and gradual manner She argues that while some of the ideas and historical myths at the core of Lebanese nationalism appeared by the mid nineteenth century a coherent popular nationalist ideology and movement emerged only with the establishment of the Lebanese state in 1920 Hakim reconstructs the complex process that led to the appearance of fluid national ideals among members of the clerical and secular Lebanese elite and follows the fluctuations and variations of these ideals up until the establishment of a Lebanese state The book is an essential read for anyone interested in the evolution of nationalism in the Middle East and beyond *Inheriting Syria* Flynt Leverett,2005-04-15 Syria has long presented a difficult

problem for American policymakers Actively supportive of groups such as Hezbollah it has occupied Lebanon for more than 20 years Damascus remains intransigent on Israel's complete withdrawal from the disputed Golan Heights as the sine qua non for peace with that state It is often mentioned in the same breath as members of the infamous axis of evil Syria occupies an important strategic position in the Middle East one made even more significant as America considers long term involvement in the reconstruction of Iraq As the policy challenges posed by Syria's problematic behavior have grown more pressing in the recent security environment the United States has had difficulty formulating a coherent and effective policy toward Damascus The death of long time dictator Hafiz al Assad has forced renewed debate on its place in the region The transition from Assad to his son Bashar has thrown Western consensus on how to deal with the Syrian leadership further into doubt In heriting Syria fills this void with a detailed analytic portrait of the Syrian regime under Bashar's leadership It draws implications for US policy offering a bold new strategy for achieving American objectives largely via a strategy of coordinated engagement employing both sticks and carrots This strategy would be independent of the Arab Israeli peace process thus a historical departure for the United States The author's long service in the foreign policy establishment has uniquely positioned him to provide valuable insights into this mysterious yet important country This book will be of high interest to those concerned about the Middle East the war on terror and the future of American foreign policy Written for a general audience as well as the policymaking and academic communities heriting Syria is an important resource for all who seek deeper understanding of this enigmatic nation and its leadership

*Religion Index Two ,1996*      **Syria and the New World Order** Neil Quilliam,1999 The advent of the New World Order has challenged Syria's role in the Middle East Traditionally viewed as a pariah state and a Soviet satellite Syria's future looked uncertain as the balance of world power moved out of Soviet into US control causing the withdrawal of Soviet support and threatening Syria's quest for regional hegemony Syria however has been able to adapt to the transformation in the world order Dr Quilliam maintains that Syrian foreign policy has been determined by both domestic politics and international political realities He begins by defining Syria in terms of its domestic arena its geography both physical and political natural resources history population and economy He then discusses the governing system of the country detailing the different political parties and how the system actually functions in Syria Moving to the international political system the author then expands upon the regional balance of power and Syria's relations with her neighbors Following a rational policy the Syrian state was compelled to realign itself with the US led world order in an attempt to pursue regional hegemony It was able to do this by joining the US led coalition forces in the liberation of Kuwait in 1990 91 and was rewarded with a place in the postwar regional order and a central role in the Madrid Peace Conference Syria and the New World Order is a clear and comprehensive account of Syria's adjustment to the realities of the day
