Mexico Gordan F. Ewell,2005 America and Mexico share a continent with Canada and as the world continues to grow smaller find more and more issues which both bind and separate them The major ones are border issues immigration and economic issues but the minor ones continues to pile up as well This new book presents some of the major current issues and places them in context

Bio-Imperialism Gwen Shuni D'Arcangelis,2020-12-18 Bio Imperialism focuses on an understudied dimension of the war on terror the fight against bioterrorism This component of the war enlisted the biosciences and public health fields to build up the U S biodefense industry and U S global disease control The book argues that U S imperial ambitions drove these shifts in focus aided by gendered and racialized discourses on terrorism disease and science These narratives helped rationalize American research expansion into dangerous germs and bioweapons in the name of biodefense and bolstered the U S rationale for increased interference in the disease control decisions of Global South nations Bio Imperialism is a sobering look at how the war on terror impacted the world in ways that we are only just starting to grapple with
