Global Nation? John Wiseman, 1998-11-13 Globalisation was one of the most ubiquitous buzzwords of the late twentieth

century yet its meaning was often elusive Retrenchments trade alliances global warming currency devaluations and so on are often explained as unavoidable consequences of globalisation and even everyday things from the food we eat to the television we watch and the clothes we wear are apparently impacted upon by globalisation This 1998 book provides an accessible exploration of the meanings and implications of globalisation The discussion is carefully grounded in the changing social economic ecological and political relationships of Australia Global Nation also looks at a range of existing and potential responses to the globalisation process arguing that there may be alternatives even though we are increasingly told that there are not

Futurevision Howard F. Didsbury, Jr.,1996 Futurevision represents a new stage in the evolution of near term research and speculation into the world of tomorrow This volume which brings together twenty five leading experts in a variety of social and scientific areas attempts to foresee likely harmful or undesirable results of advances in scientific and technological ingenuity In developing an early warning system designed to elicit prudent reflection and timely action futurism has now entered the mainstream of social thought The volume is divided into eight categories the future of work education management sustainability projections about the future decline or revitalization medical ethics and the global scene as such Among the major issues taken up are the threat of persistent technological unemployment in high tech societies approaches to teaching about the future new forms of specialization and speculation virtual learning in simulated contexts planning models in business and industry that permit rapid shifts changes in the economy that result from a move from a product to a service based economy patterns of innovation in agriculture using less space to feed more people and the general analysis of forecasting and predicting future events with present methodologies Futurevision aims to recast the basic fault lines of current social scientific and technological analysis The volume emphasizes long term perspectives future relevant research and thinking weapons analysis and warfare population and planetary exploration examining what constitutes significant knowledge in this new environment and the broad area of learning and caring in meaningful contexts There is a new seriousness in future research that will be appealing to students and teachers and researchers of sociology psychology and economics especially those working with current data and qualitative research techniques Muslim

Networks and Transnational Communities in and Across Europe Stefano Allievi,Jørgen S. Nielsen,2003 This collection of twelve papers provides case studies and thematic reflections on the growing transnational networking of European Muslims and their involvement with contemporary global Islam The volume pays particular attention to the mechanisms and significance of this phenomenon *Regulating Foreign Direct Investment for Development* Nakib Mohammad Nasrullah,Mia Mahmudur Rahim,2024-11-06 This book offers a comprehensive overview of the relationship between Foreign Direct Investment FDI regulation and sustainable development in Bangladesh It is widely accepted that FDI induced development is essential for the growth of undeveloped economies but it can create a conflict between the investors goal of profit maximisation and the host state s pursuit of economic gains FDI induced development is especially important for the

economy of Bangladesh the focus of this book which argues that a balanced regulatory approach is necessary to ensure that FDI benefits all stakeholders In examining Bangladesh s FDI regulatory regime the authors reveal that it is investor centric and lacks a development oriented approach They discuss the relevant laws practices mechanisms and institutions that govern the entrance regulations and incentives for foreign investment as well as the protection of the environment and human rights with special attention to labour rights involuntary displacement and the protection of both the investors and the state in which they invest From this analysis the book recommends reforms to introduce development as a primary goal while maintaining Bangladesh s appeal as an FDI destination The book will be of interest to researchers students and academics in the fields of economics politics sustainable development and economic growth It will also be of great interest to FDI strategists policymakers negotiators administrators and legislators in creating a balanced regulatory regime to attract FDIs for development
