Signs & Symbols DK, 2008-06-02 From ancient hieroglyphs to modern day graffiti discover the secrets origins and meanings of over 2 000 signs and symbols The world around us is filled with signs and symbols Modern signs like alphabets and flags are universally recognisable whereas many symbols of ancient derivation are hard to decipher Explore the fascinating origins and meanings of the signs and symbols people have used over the centuries and discover how they have been interpreted in myth religion folklore art and contemporary culture Find out why a flag at half mast is a symbol of mourning why a heart pierced by an arrow is a symbol of love and the ancient roots of fertility symbols Many Mirrors

Nicole Landry Sault, 1994 We've needed a book like *Many Mirrors* for a long time In the veritable explosion of new scholarship on the human body this book stands out in its focus on empirical research *Many Mirrors* will move the *Anthropology of the Body* a giant step forward C H Browner University of California at Los Angeles In every society people define and change their physical appearance in response to their relationships to others we add clothes and masks remove them build up our muscles perforate our flesh cut parts away comb our hair and modify our diets In rural Jamaica fat women are considered desirable in American suburbia teenage girls are obsessed with thinness Bedouin women use tattoos to express their secret longings Asian American women undergo cosmetic surgery to conform to internalized western standards of beauty Even with mirrors to see ourselves we rely on the reactions of others to learn how we look and who we are Where contemporary Western culture sees the body as a concrete thing with an objective observable reality separate from the self many other societies regard the person as an integrated whole that includes the mind the body and the spirit Through the contributors studies of individual cultures and through the editor's unifying body image system this volume gives us a new conceptual framework for understanding how women and men in any society perceive describe and alter their bodies

The N.Z. Rationalist..., 1951 **The Meaning of Myth in Uncertain Times** Evelien Bracke, 2025-12-29 This book examines how ancient mythology forms part of the stories we tell ourselves about today's uncertain times not only in popular culture but also in sociocultural and political debates It particularly explores the ways in which classical myths shape how our modern secular societies think about the interconnected geopolitical technological and ecological issues we are facing

and our potential futures Classical myths like those of Achilles Medea and Odysseus are everywhere from films and novels to social media and games But how and why are we still fascinated with them particularly now Can these strange and often painful stories from societies so radically different from our own offer us genuine insights today This expanded English edition of Evelien Bracke s award winning Dutch book *Leidraad door het labyrint* explores how and why Greek and Roman myths despite their ancient origins are surprisingly meaningful in these times of uncertainty Bracke offers a contextualization and literary analysis of classical mythology looking at both texts and visual media This allows readers to gain a better understanding of how people draw inspiration from the past in their attempt to create a better future and how these stories provide both collective and individual guidance in navigating the turbulent 21st century *The Meaning of Myth in Uncertain Times* is suitable for students scholars teachers and general readers interested in mythology and ancient Greek and Roman history and culture providing insights that are relevant to the challenges we all face today **Science Policy Implications**
