

The Lawbreakers Connexions

Bernard Jermyn Brown, Roger Connard

The Lawbreakers Connexions:

Colin Ward and the Art of Everyday Anarchy Sophie Scott-Brown, 2022-07-22 *Colin Ward and the Art of Everyday Anarchy* is the first full account of Ward's life and work. Drawing on unseen archival sources as well as oral interviews, it excavates the worlds and words of his anarchist thought, illuminating his methods and charting the legacies of his enduring influence. Colin Ward 1924-2010 was the most prominent British writer on anarchism in the 20th century. As a radical journalist, later author, he applied his distinctive anarchist principles to all aspects of community life, including the built environment, education, and public policy. His thought was subtle, universal in aspiration, international in implication, but at the same time deeply rooted in the local and the everyday. Underlying the breadth of his interests was one simple principle: freedom was always a social activity. This book will be of interest to students, scholars, and general readers with an interest in anarchism, social movements, and the history of radical ideas in contemporary Britain. The Methodist new connexion magazine and evangelical repository, 1880 Prisons Rosamund Morris, 1976 Newspaper Clippings 1978 2004 Information Booklet on the Montana State Prison **Offender Care and Support by Families in Contemporary Japan** Mari Kita, 2023-09-01 Because people's contact with the criminal justice system comes in different shapes and forms, scholars are now broadening their analytical scope and examining the overall repercussions of criminal justice contact on families of offenders. Compared to Western societies, Japan is known for its lower crime rates and more pronounced use of informal social control. Thus, it offers a useful research site for examining how families in a low crime society experience criminal justice contact and how they function as an integral part of the nation's crime control mechanism. This book considers the role of the family in the lives of offenders and the criminal justice system in Japan. Looking particularly at gender and patriarchal power relations, it reveals how cultural notions of femininity prompt the criminal justice system to rely on women as its proxy. This book explores how families of offenders often step in to fill the voids left by criminal justice institutions and social services to provide offenders with all-inclusive care. The burden of supervising and rehabilitating offenders, on top of the expectation to atone for the crimes, also renders families ambivalent and ashamed. Whereas the state and criminal justice authorities tend to see offenders' families as a crucial resource for prisoner reentry, this book highlights the necessity for addressing families' needs before automatically assuming their support. It also pushes the boundaries of feminist criminology by showing how women can be affected by male criminality and male-dominated criminal justice institutions, other than as victims and offenders. An accessible and compelling read, this book will appeal to students and scholars of criminology, sociology, gender studies, Japanese culture, and all those interested in learning more about the criminal justice system in Japan. *Housecraft*, 1969 **Revista de la Lengua Inglesa**, 1977 *Publisher and Bookseller*, 1969 Vols for 1871-76, 1913-14 include an extra number.
