**Margaret Ross Griffel**

## **Story Of Opera:**

**A Short History of Opera** Donald J. Grout, Hermine Weigel Williams, 2003-07-18 When first published in 1947 *A Short History of Opera* immediately achieved international status as a classic in the field. Now more than five decades later this thoroughly revised and expanded fourth edition informs and entertains opera lovers just as its predecessors have. The fourth edition incorporates new scholarship that traces the most important developments in the evolution of musical drama. After surveying anticipations of the operatic form in the lyric theater of the Greeks, medieval dramatic music and other forerunners, the book reveals the genre's beginnings in the seventeenth century and follows its progress to the present day. *A Short History of Opera* examines not only the standard performance repertoire but also works considered important for the genre's development. Its expanded scope investigates opera from Eastern European countries and Finland. The section on twentieth-century opera has been reorganized around national operatic traditions including a chapter devoted solely to opera in the United States which incorporates material on the American musical and ties between classical opera and popular musical theater. A separate section on Chinese opera is also included. With an extensive multilanguage bibliography, more than one hundred musical examples and stage illustrations, this authoritative one volume survey will be invaluable to students and serious opera buffs. New fans will also find it highly accessible and informative. Extremely thorough in its coverage, *A Short History of Opera* is now more than ever the book to turn to for anyone who wants to know about the history of this art form.

**The Story of Opera** Richard Somerset-Ward, 1998 Published to coincide with the 400th anniversary of the first performance of the very first opera, this book is an illustrated celebration and includes a lively and informative account of the development of this sophisticated musical form. *The Oxford Illustrated History of Opera* Roger Parker, 2001 In this lavishly illustrated volume the history and social context of opera is explored by a group of leading British and American scholars under the editorship of Roger Parker. The core of the book is a historical survey of opera from its beginnings in Florence four hundred years ago up to opera in the 1990s. The greatest coverage is given to the nineteenth century, the time during which most of the operas performed today were composed. There are also chapters on the history of staging, on opera singers, on opera as a social occasion through the ages and a chronology. Although all major composers of opera are mentioned and their works discussed, the various chapters concentrate less on simple historical narrative and more on the complex development of opera, especially on its relationship with the other arts and its place within the broader world of culture and politics. The numerous illustrations, nearly three hundred, some thirty of which are in colour, serve the vital purpose of underlining the richly visual nature of opera, the manner in which it communicates so vividly through staging and costume and the spectacular way in which it often reflects the cultural concerns of the age. Rather than simply illustrating the text, the pictures work as a kind of parallel history, supplementing and enriching the verbal narrative. The contributors are all experts in their chosen areas but all of them have remained alive to the basic attraction of opera, its extravagant appeal to both the senses.

and the intellect and its seemingly inexhaustible power to move and astonish us     **The Gilded Stage** Daniel Snowman,2010 The first and only global social history of the world s most romantic flamboyant glamorous and politically influential art form opera     **A History of Opera** Carolyn Abbate,Roger Parker,2012-11-01 Opera is in many ways the most extraordinary artistic medium of the last four hundred years Prohibitively expensive and patently unrealistic it can nevertheless paint the human passions with astonishing power and drama This book the first new full length single volume history of opera for more than a generation provokes in depth discussions of many works by the greatest opera composers from Monteverdi Handel and Mozart to Verdi and Wagner to Strauss Puccini Berg and Britten There are lively discussions of opera s social political and literary background its economic circumstances and the almost continual polemics that have accompanied its development through the centuries Central to the book is an exploration of the tensions that have always sustained and enlivened opera Abbate and Parker examine the problems that opera has faced in the last half century when new works which were once opera s life blood have shrunk to a tiny minority have largely failed to find a permanent place in the repertoire Yet the book s final message is one of celebration Even if the majority of opera s most popular and enduring works were written in what is now a remote European past in circumstances very different from our own and the viability of contemporary opera is ever more in question opera as an art form remains extraordinarily buoyant and challenging It continues to transform people physically emotionally and intellectually and to articulate human experience in ways no other art form can match     *The Story of Opera* Ernest Markham Lee,1968     *The Illustrated Story of Opera* David Nice,David Wice,1994 Tells the story of opera from its beginnings in the seventeenth century to modern productions with summaries of thirty two of the world s best known operas biographical profiles of twenty four famous performers and a glossary of musical terms     [The Story of Opera \(Classic Reprint\)](#) E. Markham Lee,2018-07-28 Excerpt from The Story of Opera Histories of Opera are not very numerous there have been many articles and essays in various magazines dictionaries and so forth which have presented more or less concise synopses of the gradual development and growth Of the Operatic Art Some Of these notably the one in Grove s Dictionary are excellent but a work Of such bulk is not for the everyday reader nor generally speaking for the amateur Beyond these magazine and dictionary essays the number of books at any rate in the English language solely on Opera is very limited and from the nature Of the case those that exist soon get out Of date About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works     **Stories of the Great Operas: And their Composers** Ernest Newman,1930     [A History of Opera](#)

Burton D. Fisher,2005 A comprehensive history of opera that traces each milestone in opera history from the 16th century Camerata through the next 400 years and features in depth analysis of all important genres the Baroque Classical and Romantic eras Bel Canto Opera Buffa German Romanticism Wagner and music drama Verismo Impressionism Expressionism Serialism and much more

**Opera** David Ewen,1972 Traces the history of the opera discussing important composers and their works from the sixteenth century to the present day Includes a glossary of operatic terms

*Sing Me a Story* Jane

Rosenberg,1989 An illustrated retelling of the plots of fifteen well known operas

Stories from the Operas Gladys

Davidson,1910 **A Concise History of Opera** Leslie Orrey,1972 One of the most magnificent and expensive diversions the wit of man can invent wrote the diarist John Evelyn after his visit to the opera in Venice in 1645 just eight years after the world's first commercial opera house had opened in that city Today few people would wholly dissent from Evelyn's view of opera Its masterpieces rank among the supreme achievements of both music and drama Yet a fine operatic performance also generates an indefinable aura compounded of theatrical excitement extravagance and a sense of occasion that no other art can quite command The author treats opera as a branch of the theatre whose essential features are dramatic confrontation and dialogue intensified by music on the stage and in the orchestra In his lavishly illustrated text he surveys not only musical evolution but changing theatrical conditions theatre architecture and the increasing influence of the producer Though his story is inevitably dominated by Italy Germany and Austria the author traces in detail the important developments in France England Russia and other continental nations and devotes a chapter to the Americas Operetta musical comedy and the musical are also given their place In his evaluation of the twentieth century he shows how opera's horizons have been widened by new techniques of composition new theatrical concepts modern psychology and advances in acoustical engineering opera he concludes remains as vital an art form today as it has ever been

Opera Christopher Headington,Roy Westbrook,Terry Barfoot,1987

A Critical History of Opera Arthur Elson,1901

**Operas in English: A Dictionary**

Margaret Ross Griffel,2012-12-21 In this revised and expanded edition of Operas in English A Dictionary Margaret Ross Griffel updates her work on operas written specifically to an English text including not only works originally in English but also those set to new English librettos Since the book's initial publication in 1999 Griffel has added nearly 900 new items bringing the total number of entries in this new edition to 4 400 covering the world of opera in English from 1634 through 2011 The front matter includes a brief history of English opera to set the stage for the dictionary entries that follow Listed alphabetically each opera entry includes alternative titles a full descriptive title the number of acts composer's name librettist's name with original language of the libretto the source of the text date place and cast of the first performance date of composition if it occurred substantially earlier than the premiere similar information for the first U S including colonial and British England Scotland Wales performances brief plot summary main characters names and vocal ranges where known names of noteworthy numbers comments on special musical problems and techniques other settings of the text including non

English ones other operas if any involving the same story or characters cross references are indicated by asterisks Entries include such information as first and critical editions of the score and libretto a bibliography ranging from scholarly studies to more informal journal articles and reviews a discography and information on video recordings Operas in English features four appendixes a selective bibliography and two indexes The first appendix lists composers their places and years of birth and death and their operas included in the text as entries the second does the same for librettists the third records authors whose works inspired or were adapted for the librettos and the fourth comprises a chronological listing of the A Z entries including the date of first performance the city of the premiere or composition date if unperformed or performed much later the short title of the opera and the composer There is a main character index and an index of singers conductors producers composers of other settings and other key figures    *The Story of Opera* Ernest M. Lee,1972-01-01    *The Story of Opera* E Markham (Ernest Markham) 187 Lee,2021-09-09 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public To ensure a quality reading experience this work has been proofread and republished using a format that seamlessly blends the original graphical elements with text in an easy to read typeface We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant    **The Complete Opera Book** Gustav Kobbé,1950

## **Story Of Opera Introduction**

In todays digital age, the availability of Story Of Opera books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Story Of Opera books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Story Of Opera books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Story Of Opera versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Story Of Opera books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Story Of Opera books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Story Of Opera books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals.

These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Story Of Opera books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Story Of Opera books and manuals for download and embark on your journey of knowledge?
