*Story Substance, Structure, Style, and the Principles of Screenwriting*, *The Rules of Screenwriting and Why You Should Break Them* Bill Mesce, Jr., 2017-06-06 A couple of generations ago the movie industry ran on gut instinct film schools audience research departments and seminars on screenwriting were not yet de rigueur Today the standard is the analytical approach intended to demystify filmmaking and guarantee success or at least minimize failure The trouble with this method is that nobody knows how to do it they just think they do and films are made based on models of predictability rather than the merits of the script This insider's look at the craft and business of screenwriting explodes some of the popular myths demonstrating how little relevance the rules have to actual filmmaking With long experience in film and television the author provides insightful how not to analyses with commentary by such veterans as Josh Sapan CEO of AMC Networks bestselling author Adriana Trigiani and Oscar nominated screenwriter Nicholas Pileggi *Goodfellas* **Constructing Transgressive**

**Sexuality in Screenwriting** LJ Theo, 2017-10-09 This book approaches the construction of complex and transgressive pervert characters in mainstream not art adult oriented not pornographic cinema It deconstructs an episteme on which to base the construction of characters in screenplays in a way that acknowledges how semiotic elements of characterisation intersect In addition it provides an extended re phrasing of the notion of the pervert as Feiticiero a a newly coined construct that might serve as an underpinning for complex sexual filmic characters that are both entertaining and challenging to audiences This re phrasing speaks to both an existential phenomenological conception of personhood and to the scholarly tradition of the linguistic turn of continental philosophers such as Foucault and Lacan who represent language not primarily as describing the world but as constructing it The result is an original and interdisciplinary volume that is brought to coherence through a queer post humanist lens *The Screenwriter's Sourcebook* Michael Haddad, 2005-02-01 Written for both new and experienced writers this comprehensive marketing guide offers advice and tips needed by writers to succeed in

the film and television industries Focusing on the business of writing it gives writers the unabashed truth about the film industry and advice on how to get scripts to the gatekeepers of the studios and read by agents Comprehensive listings of contests fellowships grants and development opportunities from an industry expert provide specific information on securing a healthy writing career This extensive resource also includes guidelines regarding copyrights sources for emergency funds a listing of online resources information on writers colonies and retreats and more A Century of Composition by Women

Linda Kouvaras,Maria Grenfell,Natalie Williams,2022-08-01 This book presents accounts of creative processes and contextual issues of current day and early twentieth century women composers This collection of essays balances narratives of struggle artistic prowess and of breaking through the obstacles in the profession Part I Creative Work Then and Now illuminates historical and present day women s composition and various iterations and conceptions of the feminine voice Part II The State of the Industry in the Present Day provides solutions from the frontline to sector inequities and Part III Creating Collaborating Composer and Performer Reflections offers personal stories of current creation in music A Century of Composition by Women Music Against the Odds draws together topical issues in feminist musicology over the past century This volume provides insight into the professional and compositional procedures of creative women in music and stands to be relevant for composers performers industry professionals students and feminist and musicological scholars for many years to come Film as Argument Darren Paul Fisher,2025-09-09 If you ve picked up this book it s most likely that you have an

interest in movies over and above the typical audience member Perhaps a screenwriter producer or director looking to improve your work always searching for any insight that will result in better cinematic storytelling If that s the case then good news this is the book for you It asks a deceptively straightforward question Why do we make feature films Is it to entertain To move and audience To tell a powerful story For fame and fortune You may have answered yes to each but those answers don t account for the practice overall Most books about screenwriting and directing are primarily concerned with craft and technique but how can you truly understand filmmaking or make the best films unless you know what purpose it really serves So what s the secret As the title of this book suggests making feature films is fundamentally the practice of making a very specific type of argument To see how this works we will deep dive into how filmmakers are trained and taught to think about filmmaking and what traditions they knowingly or unknowingly follow We will look at hundreds of films and some major case studies including Toy Story 3 Schindler s List Raiders of the Lost Ark Amour and mother to explore how and what films argue and why knowing this can both unlock both a greater appreciation of the form and improve the impact your films make Creating TV Formats Catriona Miller,Hazel Marshall,Linda Green,2022-12-30 Creating TV Formats From Inception to Pitch takes the reader through a step by step process of how to generate ideas develop story lines and characters and hook an audience whilst staying aware of the realities of the media landscape Beginning with a discussion about what a TV format is each chapter then introduces a key aspect of the development process such as looking for ideas

shaping the underlying story and thinking about participants Practical exercises guide the reader through each stage of turning an initial idea or subject matter into a hook or insight the importance of incorporating storytelling principles and techniques for designing and populating a story world Examples from successful television formats such as First Dates and The Great British Bake Off are interwoven throughout the book alongside exclusive insights from the key industry professionals who brought them to the screen From short form digital content to longer unscripted series this is an essential guide to discovering and developing formats for any media or television production student or early career development professional
