The Strassburg Alexander and the Munich Oswald John Wesley Thomas, 1989-01-01 **The Strassburg Alexander and the Munich 'Oswald'** , 1990 *East Meets West in the Middle Ages and Early Modern Times* Albrecht Classen, 2013-09-03

This new volume explores the surprisingly intense and complex relationships between East and West during the Middle Ages and the early modern world combining a large number of critical studies representing such diverse fields as literary German French Italian English Spanish and Arabic and other subdisciplines of history religion anthropology and linguistics The differences between Islam and Christianity erected strong barriers separating two global cultures but as this volume indicates despite many attempts to Other the opposing side the premodern world experienced an astonishing degree of contacts meetings exchanges and influences Scientists travelers authors medical researchers chroniclers diplomats and merchants criss crossed the East and the West or studied the sources produced by the other culture for many different reasons As much as the theoretical concept of Orientalism has been useful in sensitizing us to the fundamental tensions and conflicts separating both worlds at least since the eighteenth century the premodern world did not quite yet operate in such an ideological framework Even though the Crusades had violently pitted Christians against Muslims there were countless contacts and a palpable curiosity on both sides both before during and after those religious warfares

[Vernacular Literary Theory in the Middle Ages](#) Walter Haug, 1997-03-06 The first edition of this book appeared in German in 1985 and set a new agenda for the study of medieval literary theory Rather than seeing vernacular writers reflections on their art such as are found in prologues epilogues and interpolations in literary texts as merely deriving from established Latin traditions Walter Haug shows that they marked the gradual emancipation of an independent vernacular poetics that went hand in hand with changing narrative forms While focussing primarily on medieval German writers Haug also takes into account French literature of the same period and the principles underlying his argument are equally relevant to medieval literature in English or any other European language This ground breaking study is now available in English for the first time

Medieval German Literature Marion Gibbs, Sidney M. Johnson, 2002-09-11 This comprehensive survey examines Germanic literature from the eighth century to the early fifteenth century The authors treat the large body of late medieval lyric poetry in detail for the first time *Alexander the Great* Richard Stoneman, 2008-01-01 Alexander the Great 356 323 B C precipitated immense historical change in the Mediterranean and Near Eastern worlds But the resonance his legend achieved over the next two millennia stretched even farther across foreign cultures religious traditions and distant nations This engaging and handsomely illustrated book for the first time gathers together hundreds of the colorful Alexander legends that have been told and retold around the globe Richard Stoneman a foremost expert on the Alexander myths introduces us first to the historical Alexander and then to the Alexander of legend an unparalleled mythic icon who came to represent the heroic ideal in cultures from Egypt to Iceland from Britain to Malaya Alexander came to embody the concerns of Hellenistic

man he fueled Roman ideas on tyranny and kingship he was a talisman for fourth century pagans and a hero of chivalry in the early Middle Ages He appears in Jewish Christian and Islamic writings frequently as a prophet of God Whether battling winged foxes or meeting with the Amazons descending to the underworld or inventing the world's first diving bell Alexander inspired as a hero even a god Stoneman traces Alexander's influence in ancient literature and folklore and in later literatures of east and west His book provides the definitive account of the legends of Alexander the Great a powerful leader in life and an even more powerful figure in the history of literature and ideas **St. Oswald of Northumbria** Marianne E. Kalinke,2005
