

# 4 Levels Of Consciousness

Your emotional state of being

## 4. Life happens as me

You know you are free, and of that is that there is no separation between you, your Higher Self and others. You operate from a place of deep connection. Good News is you are in the present moment, being who others say you should be. Others work while you while you are inspired by love to take aligned action.

## 3. Life happens through me

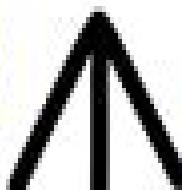

You believe you are here for a reason, a bigger purpose. In touch with your Higher Power and in touch with your intuition, knowing that it will guide you and tell you what to do with your free will.

## 2. Life happens by me

You believe you have control of everything, that you make things happen because you are causing them to happen. You are ambitious and driven.

## 1. Life happens to me

You feel victimized, helpless, and belief that you have no power. Events cause circumstances around things, mainly for reasons why you cannot take charge.

The Four Levels of Spiritual Consciousness Max Kappeler,1969      **The Four Levels of Spiritual Consciousness** Max Kappeler,1969

**The four Levels of spiritual consciousness** Max Kappeler,1970      4'33" Time for a Circular Economy Collectief Circulaire Economie,2017-12-07 John Cage wrote 4 33 as a modern music work 1953 It is not played by performers using instruments but tacet instruments are not used at all This does not mean it is a silent work It is a creation built up of ambient sounds of that which is present in the moment Silence is the invitation to explore what truth is and experience that truth is an unfolding quality within each of us The essence is that that the supposed division between ourselves and others or our environment is recognised to be an illusion Cage wanted to remove all traces of the ego of the composer in this work The way the performance sounds is not about the composer but about the collective or field in the audience The realisation of a circular economy presupposes a mind shift The challenge is to abstain from an ego economy I materialism and competition and work towards an eco economy we values and sharing This process is supported by personal growth Silence and attention to personal development is crucial and a key factor in society as well as in education

Religion and the Human Sciences Daniel A. Helminiak,1998-01-01 Proposes a new paradigm for interdisciplinary studies by applying the thought of Bernard Lonergan to define spirituality as the missing link between religion and theology

*Divine Play, Sacred Laughter, and Spiritual Understanding* P. Laude,2005-10-20 This study in the relationship between religion and the comic focuses on the ways in which the latter fulfils a central function in the sacred understanding of reality of pre modern cultures and the spiritual life of religious traditions The central thesis is that figures such as tricksters sacred clowns and holy fools play an essential role in bridging the gap between the divine and the human by integrating the element of disequilibrium that results from the contact between incommensurable realities This interdisciplinary and cross cultural series of essays is devoted to spiritual anthropological and literary characters and phenomena that point to a deeper understanding of the various mythological ceremonial and

mystical ways in which the fundamental ambiguity of existence is symbolized and acted out Given its interdisciplinary and cross cultural perspective this volume will appeal to scholars from a variety of fields     **Twelve Years in Alaska** Melissa L. Farrell,2022-05-26 *Twelve Years in Alaska A Spiritual Journey* is a series of articles that grew out of the author s quest to find a way to live with being an open empath The book includes some of her personal experiences in the the hope that the readers may find something that relates to their own life experiences     [The Paradox of Freedom](#): Em Hollis,2025-07-08

**THE PARADOX OF FREEDOM** offers what very few in the self help and spiritual space have been able to do and that is describe a very specific and clear step by step process to doing what many call the inner work Although this term has been used often in this space very few have been able to clearly define what it means or offer any tangible practical clearly guided processes for application Em offers a very clear process to apply many of the well known personal development and spirituality concepts as well as shares her own uniquely developed framework the Quadrant Theory which offers the reader a map to creating their own balance and inner peace while navigating the spiritual journey The book flawlessly blends science based research with ancient spiritual wisdom in a way that is very easy to read and understand The Paradox of Freedom helps you get to the heart of what may be holding you back in your own growth journey and offers a clear pathway through those blocks to create your own sense of internal and external freedom     *Faith, Physics, and Psychology* John Fitzgerald Medina,2006 In *Faith Physics and Psychology* John Fitzgerald Medina offers a new understanding of the important role of religion and spirituality in the building of a global society     **Conscious Being** TJ Woodward,2015-03-26 Both inspiring and enlightening *Conscious Being* is a compelling resource for those seeking self realization It serves as a guide for awakened living which is a state of higher clarity and presence and is a more natural condition than many are aware exists within each of us Author and spiritual teacher TJ Woodward creates a powerful philosophy for living by masterfully weaving personal stories entertaining anecdotes and deep mystical truths The result is a composition that offers practical guidance to show the benefits of spiritual transformation while encouraging each of us to shift into a deeper awareness of our authentic inner wisdom *Conscious Being* shows us how the circumstances of our lives and what we call reality are created by our level of consciousness It offers methods for unlearning and releasing self limiting beliefs and the illusion of ego so we can come into alignment with an existence overflowing with compassion love and purpose This great remembering as TJ Woodward calls it is available to us at every moment for it is our true nature and our divine birthright If you are ready to open your heart to a new way of being and embrace a life filled with profound peace connection and happiness *Conscious Being* is the book for you <http://www.ConsciousBEINGbook.com>
