The Four Little Dragons:

The Four Little Dragons Ezra F. Vogel,1991 Vogel brings masterly insight to the underlying question of why Japan and the little dragons Taiwan South Korea Hong Kong and Singapore have been so extraordinarily successful in industrializing while other developing countries have not **The Four Little Dragons** Brian Kelly,1990-11 **Four Little Dragons the Spread of Industrialization in East Asia** Ezra F. Vogel,1991 A new wave of industrialization Taiwan South Korea Hong Kong and Singapore Toward and explanation **Four Little Dragons** Brian Kelly,1991 **The First Decade** Yue-man Yeung,2007 Many people have doubts about the return of sovereignty over Hong Kong to China in 1997 They were not optimistic about the one country two systems formula How should Hong Kong be judged as a Special Administrative Region within China in the first decade of its existence This book has set out to answer this question Renowned scholars from outside Hong Kong largely from countries with close links to Hong Kong s handover or other links have addressed this question from their perspectives These views are supplemented by introspective reviews by Hong Kong academics who examine different sectors that have undergone important changes during this period It is a major contribution to the study of Hong Kong after its return to the motherland **Market Liberalism** Gordon Cheung,2019-01-22 This study analyzes the overseas effect of the market force of US foreign policy toward China Gordon Cheung puts forward the idea of augmented market liberalism arguing that the US was instrumental in making China a market economy **The China Miracle** Justin Yifu Lin,Fang Cai,Zhou Li,2003 Using a historical comparative and analytic approach grounded in mainstream economics the authors develop a consistent and rational framework of state owned enterprises and individual agents to analyze the internal logic of the traditional Chinese planning system In this revised edition the authors update the data and information in the book and include a new chapter on the impact of China s WTO accession on its reform **Ethnic Chinese Business In Asia: History, Culture And Business Enterprise** Ching-hwang Yen,2013-09-13 This unique volume provides a broad introduction to the ethnic Chinese business in Asia with focus on the ethnic Chinese in East and Southeast Asia The growing interest in ethnic Chinese business reflects its importance in these two regional economies and its relations with China s economy the world s new economic powerhouse It examines the nature and characteristics of the ethnic Chinese business such as business networks family business and conglomerates concepts of xinyong and guanxi and entrepreneurship and management It also examines the input of history and culture in the formation and operation of ethnic Chinese business The second half of the book is devoted to detailed regional studies covering the Chinese in Thailand Malaysia and Singapore Indonesia the Philippines Hong Kong and Taiwan This book provides an excellent introduction for tertiary students in business schools and for prospective businessmen who wish to do business with the Chinese in East and Southeast Asia

The Commanding Heights Daniel Yergin,Joseph Stanislaw,2002-06-15 The Commanding Heights is about the most powerful political and economic force in the world today the epic struggle between government and the marketplace that has

over the last twenty years turned the world upside down and dramatically transformed our lives Now the Pulitzer Prize winning author of The Prize joins with a leading expert on the new marketplace to explain the revolution in ideas that is reshaping the modern world Written with the same sweeping narrative power that made The Prize an enormous success The Commanding Heights provides the historical perspective the global vision and the insight to help us understand the tumult of the past half century Trillions of dollars in assets and fundamental political power are changing hands as free markets wrest control from government of the commanding heights the dominant businesses and industries of the world economy Daniel Yergin and Joseph Stanislaw demonstrate that words like privatization and deregulation are inadequate to describe the enormous upheaval that is unfolding before our eyes Along with the creation of vast new wealth the map of the global economy is being redrawn Indeed the very structure of society is changing New markets and new opportunities have brought great new risks as well How has all this come about Who are the major figures behind it How does it affect our lives The collapse of the Soviet Union the awesome rise of China the awakening of India economic revival in Latin America the march toward the European Union all are a part of this political and economic revolution Fiscal realities and financial markets are relentlessly propelling deregulation achieving a new balance between government and marketplace will be the major political challenge in the coming years Looking back the authors describe how the old balance was overturned and by whom Looking forward they explore these questions Will the new balance prevail Or does the free market contain the seeds of its own destruction Will there be a backlash against any excesses of the free market And finally The Commanding Heights illuminates the five tests by which the success or failure of all these changes can be measured and defines the key issues as we enter the twenty first century The Commanding Heights captures this revolution in ideas in riveting accounts of the history and the politics of the postwar years and compelling tales of the astute politicians brilliant thinkers and tenacious businessmen who brought these changes about Margaret Thatcher Donald Reagan Deng Xiaoping and Bill Clinton share the stage with the Minister of Thought Keith Joseph the broommaker's son Domingo Cavallo and Friedrich von Hayek the Austrian economist who was determined to win the twenty year battle of ideas It is a complex and wide ranging story and the authors tell it brilliantly with a deep understanding of human character making critically important ideas lucid and accessible Written with unique access to many of the key players The Commanding Heights like no other book brings us an understanding of the last half of the twentieth century and sheds a powerful light on what lies ahead in the twenty first century

International Relations of East Asia Xiaoming Huang, 2019-12-28 East Asia's rapidly changing role in international security the global economy development and global governance are expertly accounted for in this much needed state of the art text Xiaoming Huang offers an engaging and informed account of the key concepts issues and actors working in this area Ranging from the region's history to culture and a comparative assessment of the region's states this text is informed throughout by a compelling theoretical framework In so doing it unpicks the often complex relationships both at the domestic level and

externally Only with this understanding is it possible to make sense of the region s complex relationships both internally and externally Structured around key concepts in international relations of war and peace economic development and increased contemporary security threats this text offers an empirically rich engaging account of the changing fortunes of East Asia
