The Fraternity Of Inner Light And Yoga:

The Fraternity of Inner Light and Yoga Anonymous,2005-12-01 This scarce antiquarian book is a facsimile reprint of the original Due to its age it may contain imperfections such as marks notations marginalia and flawed pages Because we believe this work is culturally important we have made it available as part of our commitment for protecting preserving and promoting the world s literature in affordable high quality modern editions that are true to the original work *The Rebirth of Witchcraft* Doreen Valiente,2018-01-31 This classic work is now available for the first time in paperback Since 1951 when the last of the Witchcraft Acts was repealed many books have been written about the reappearance of witchcraft and the development of a pagan theology Churchmen have denounced it Sociologists have wondered at it Journalists have penned sensational stories about it But until the publication of this book no one had told the real story of it from the inside as frankly as it is told here Doreen Valiente one of witchcraft s most widely known figures was a close friend of the late Gerald Gardner generally regarded as the founder of present day witchcraft Initiated by him and for a time High Priestess of his coven Doreen Valiente helped him rewrite his seminal Book of Shadows She records the break with Gardner that split his coven the controversy surrounding Alex Sanders King of the Witches and memories of many other witches whom she has known including the lady called Dafo Robert Cochrane Leslie Roberts and Sybil Leek Doreen Valiente took part in many witchcraft rituals and had strange psychic experiences as a result Described here are the clairvoyant communications she received purporting to come from John Brakespeare an eighteenth century witch The Rebirth of Witchcraft traces the lineage of the present day witchcraft from its forerunners through to modern feminist neo paganism and the new wave of interest in ecology and holistic medicine *Essays on Women in Western Esotericism* Amy Hale,2022-01-21 This book is the first collection to feature histories of women in Western Esotericism while also highlighting women s scholarship In addition to providing a critical examination of important and under researched figures in the history of Western Esotericism these fifteen essays also contribute to current debates in the study of esotericism about the very nature of the field itself The chapters are divided into four thematic sections that address current topics in the study of esotericism race and othering femininity power and leadership and embodiment This collection not only adds important voices to the story of Western Esotericism it hopes to change the way the story is told **India and the Occult** G. Djurdjevic,2014-05-21 India and the Occult explores the reception of Indian spirituality among Western occultists through case studies Rather than focusing on the activities of Theosophical Society India and the Occult looks at the hard core occultism in particular the British 20th century currents associated with Aleister Crowley Dion Fortune Kenneth Grant etc *The Sacred Life of Modernist Literature* Allan Kilner-Johnson,2022-06-16 Probing the relationship between modernist literary experimentation and several key strands of occult practice which emerged in Europe from roughly 1894 to 1944 this book sets the work of leading modernist writers alongside lesser known female writers and writers in languages other than English to more fully portray the aesthetic and

philosophical connections between modernism and the occult Although the early decades of the twentieth century the era of cocktails motorcars bobbed hair and war are often described as a period of newness and innovation many writers of the time found inspiration and visionary brilliance by turning to the mysterious occult past This book's principle intervention is to reimagine the contours and boundaries of literary modernism by welcoming into the conversation a number of significant female writers and writers in languages other than English who are often still relegated to the fringes of modernist studies Well remembered poets and novelists such as Ezra Pound W B Yeats and Aleister Crowley were tied to occult beliefs and this book sets these leading figures alongside less well remembered but equally splendid modernists including Paul Brunton Mary Butts Alexandra David Neel Florence Farr Dion Fortune Hermann Hesse and Rudolf Steiner From the little magazines where occultism and Fabianism were comfortable companions to consulting rooms of psychoanalysts where archetypes were revealed to be both mystical and mundane to the forbidden mountain trails that led to formidable spiritual teachers the conditions of modernism were invariably those conditions which inspired a return to the occult traditions that many thinkers believed had long evaporated Indeed in many ways these traditions were the making of the modern world By uncovering hidden hopes and anxieties that faced a newly modern Western Europe this book demonstrates how literary modernists understood occultism as a universal form of cultural expression which has inspired creative exuberance since the dawn of civilisation
