Noyes,2018-09-05 Individuals sometimes derive sexual pleasure from submission to cruel discipline While that predilection was noted as early as the sixteenth century masochism was not codified as a concept until 1890 According to John K Noyes its invention reflected a crisis in the liberal understanding of subjectivity and sexuality which continues to inform discussions of masochism today In essence it remains a political concept Viennese physician Richard von Krafft Ebing coined the term masochism based on the work of Leopold von Sacher Masoch Noyes analyzes the social and political problems that inspired the concept suggesting for example that the triumphant expansion of European colonialism was in part animated by an ambivalence in masculine sexuality Noyes documents the evolution of the concept of masochism with scenes in literature from John Cleland s Fanny Hill through Sacher Masoch s Venus in Furs and Pauline Reage s Story of O Analysis of Freud s vastly influential rereading of masochism precedes an exploration of the work of his successors including Wilhem Reich Theodor Reik Helene Deutsch and Karen Horney Noyes suggests that the thematics of feminine masochism emerged only gradually from an exclusively male concept National Library of Medicine Current Catalog National Library of Medicine (U.S.),1971 First multi year cumulation covers six years 1965 70 **Frankfurt School** J. M. Bernstein,1994 The Frankfurt School refers to the members associated with the Institut fur Sozialforschung Institute for Social Research which was founded in Frankfurt in 1923 The work of this group is generally agreed to have been a landmark in twentieth century social science It is of seminal importance in our understanding of culture progress politics production consumption and method This set of six volumes provides a full picture of the School by examining the important developments that have occurred since the deaths of the original core of Frankfurt scholars All the major figures Adorno Horkheimer Marcuse Benjamin are represented In particular the important post war work of Jurgen Habermas is fully assessed The collection also covers the work of many of the minor figures associated with the School who have been unfairly neglected in the past resulting in the most complete survey and guide to the oeuvre of the Frankfurt School Suggestions

For Instructors to Accompany Values in Conflict Victor Comerchero, 1971 **General Catalogue of Printed Books** British Museum. Department of Printed Books, 1979 **Sexy Dressing, Etc** Duncan Kennedy, 1993 Radicalism after Communism In the United States of America where even liberalism is under deep suspicion And what can a privileged white male have to say about it after the civil rights and women s movements In this book Duncan Kennedy argues that an American radicalism is both possible and desirable One base for radical politics is the big institutional workplace where multicultural coalitions around issues like affirmative action can upset frozen hierarchies But another is popular culture whence his emphasis on phenomena like sexy dressing Law provides the background for all kinds of group struggles Kennedy argues and law is never neutral This theme of Critical Legal Studies Kennedy is one of its founders runs throughout the book He shows how legal rules tilt the playing field making it look as though oppressively unequal outcomes are just what everyone deserved Cultural identity is one of Kennedy s main concerns He provides a new postcolonial reading of American national character as well as responses to black liberation theory and radical feminism Kennedy asserts that cultural identity is contingent and fluid at the same time that it is inescapable and that within it individuals operate as free agents The system exercises less control over life than we may think small scale resistance is always at least a possibility worth trying In a key chapter Kennedy considers sexy dressing and sexual violence He argues that the sexual abuse done by some men to some women is a way for all men to keep all women down If pleasure and danger are used to keep women subordinate must we renounce the erotic if we are to overcome domination Kennedy argues that practices like sexy dressing have multiple meanings some fitting into the false script according to which women invite abuse but others foreshadowing the eroticization of female autonomy Throughout Kennedy keeps popular culture and local institutional practice in play with an array of American and European theory His aim is to wed the rebelliousness irony and irrationalism of cultural modernism and postmodernism to the earnestness of political correctness The result is a refreshing alternative both to the stalemate of mainstream politics and to the self isolation of the radical fringe **The British Library General Catalogue of Printed Books to 1975** British Library, 1979
