The Freudian Subject:

The Freudian Subject Mikkel Borch-Jacobsen, 1991-04 Just what is the subject in Freud The author draws on a wide range of French critical thought to argue that the subject is always fundamentally identification in an even more radical sense than has previously been postulated Rigorously examining the texts of Freud he arrives at compelling rereadings of familiar concepts concluding with a disturbing new analysis of the social bond **The Freudian Subject, from Politics to Ethics**

Mikkel Borch-Jacobsen, 1986 **The Lacanian Subject** Bruce Fink, 2025-05-13 A lucid guide through the labyrinth of Lacanian theory This book provides an illuminating account of the theory of subjectivity found in the work of Jacques Lacan Guiding readers through many facets of Lacanian theory Bruce Fink unpacks such central notions as the Other object a the unconscious as structured like a language alienation and separation the paternal metaphor jouissance and sexual difference He demonstrates that against the tide of post structuralist thinkers who proclaim the death of the subject Lacan explores what it means to come into being as a subject in its ethical and ontological dimensions Presenting Lacan's thought in the context of his clinical preoccupations The Lacanian Subject offers one of the most balanced sophisticated and penetrating views of Lacanian psychoanalysis available **Why Read Ogden? The Importance of Thomas Ogden's Work for**

Contemporary Psychoanalysis Marina F R Ribeiro, 2024-11-29 Why Read Ogden explores the importance of Thomas Ogden's work to contemporary psychoanalysis both as an interpreter of classic psychoanalytic thinkers and as a new and original theorist and clinician in his own right Ogden writes about the literary genre of psychoanalytic writing emphasising the amalgamation of theoretical and clinical writing with the author's personality Ogden also considers psychoanalytic writing a form of thinking We do not write what we think but we are thinking something unprecedented in writing Inspired by Ogden's proposal of a transitive and creative reading which the authors show him to demonstrate in his own writing about Freud Klein Bion and Winnicott this book takes as its organising principle the question of how Ogden's texts resonate with them personally Ogden is regarded as one of the most important and influential living psychoanalysts and this book addresses the lack of attention given to summarising and examining his key contributions This book will be essential reading for psychoanalysts and psychotherapists in practice and in training who wish to gain a comprehensive understanding of Ogden's work **A Question of Time** Joel Pearl, 2013 In A Question of Time Joel Pearl offers a new reading of the foundations of

psychoanalytic thought indicating the presence of an essential lacuna that has been integral to psychoanalysis since its inception Pearl returns to the moment in which psychoanalysis was born demonstrating how Freud had overlooked one of the most principal issues pertinent to his method the question of time The book shows that it is no coincidence that Freud had never methodically and thoroughly discussed time and that the metaphysical assumption of linear time lies at the very heart of Freudian psychoanalysis Pearl's critical reading of Freud develops through an original dialogue that he creates with the philosophy of Martin Heidegger and specifically with the German philosopher's notion of temporality Pearl traces the

encounter between Freud and Heidegger by observing the common inspiration shaping their thinking philosopher Franz Brentano who taught both Freud and Edmund Husserl Heidegger's mentor The book travels down an alternate path one overlooked by Freudian thought a path leading from Brentano through Husserl and onto Heidegger's notion of time which is founded on the ecstatic interrelation of past present and future **Art, Agency and the Continued Assault on**

Authorship Simon Blond, 2022-10-31 This book presents a counter history to the relentless critique of the humanist subject and authorial agency that has taken place over the past fifty years It is both an interrogation of that critique and the tracing of an alternative narrative from Romanticism to the twenty first century which celebrates the agency of the artist as a powerful contribution to the wellbeing of the community It does so through arguments based on philosophical aesthetics and cultural theory interspersed with case histories of particular artists It also engages with a second issue that cannot be separated from the first This is the question of what the role and purpose of art is in society This has become particularly important since the 1990s because of the social turn in art in which it is claimed that the only valid role for art was one that had explicit social consequences This book argues that a political role for art is valuable but not the only one that can be envisaged nor indeed is it the most obvious or most important Art has other social roles both as a means to engender empathy and community and to re-enchant a world bereft of meaning and reduced to material values The book will appeal to practising artists as well as scholars working in art history philosophy aesthetics and curatorial studies **Jacques Lacan**

Slavoj Žižek, 2003 Jacques Lacan 1901-1980 is undoubtedly the central figure of psychoanalysis in the second half of the 20th century The texts selected here present the entire scope of the Lacan debate Newsletter of the Freudian Field, 1989

Vanity Fair, 1922 **The Journal of Mental Science**, 1927 **Science-fiction Studies**, 1984 The Journal of Transpersonal Psychology, 1989 Inventing Film Studies Lee Grieveson, 2008-11-24 DIVA collection of institution centered essays comprising a history of film studies as a discipline div **Books of 1912-** Chicago Public Library, 1924

Authorship/authority Vincent Desroches, Geoffrey Turnovsky, 1995 **The Psychoanalytic Review**, 1928 **Freud** Michael S. Roth, Library of Congress, 1998 This volume meant to reflect the lively and eclectic spirit of the show is a gathering of variously challenging erudite and amusing essays by scholars critics and writers **The New York Times Book Review**, 1994-10 Presents extended reviews of noteworthy books short reviews essays and articles on topics and trends in publishing literature culture and the arts Includes lists of best sellers hardcover and paperback *Qui Parle*, 2003 The American Journal of Psychology Granville Stanley Hall, Edward Bradford Titchener, Karl M. Dallenbach, Madison Bentley, Edwin Garrigues Boring, Margaret Floy Washburn, 1919
