The Future Of Evangelical Christianity A Call For Unity Amid Diversity:

The Future of Evangelical Christianity Donald G. Bloesch, 1983-01-01 An analysis of the Evangelical Christian movement discusses the meaning and purpose of contemporary Evangelicalism evaluates the movement's strengths and weaknesses and examines the different types of Evangelical theology **Introduction to Christian Theology** Roger A. Badham, 1998-01-01 This book covers a broad spectrum of current perspectives in theology including evangelical liberal liberationist feminist and postmodern approaches A textbook for introductory theology classes in seminaries and colleges this wide ranging collection of essays also represents the best available resource for any reader seeking to explore and understand the diversity of current trends in theology and ethics **A High View of Scripture? (Evangelical Ressourcement)** Craig D. Allert, 2007-06-01 Word Guild 2008 Writing Award Biblical Studies Where did the Bible come from Author Craig D Allert encourages more evangelicals to ask that question In A High View of Scripture Allert introduces his audience to the diverse history of the canon's development and what impact it has today on how we view Scripture Allert affirms divine inspiration of the Bible and in fact urges the very people who proclaim the ultimate authority of the Bible to be informed about how it came to be This book the latest in the Evangelical Ressourcement series will be valuable as a college or seminary text and for readers interested in issues of canon development and biblical authority **A New Handbook of Christian Theologians** Donald W. Musser, 1996-09-01 In recent years the flow of Christian theology has been channeled in diverse streams represented by such trends and movements as black theology liberation theology feminist theology and womanist theology To survey this abundance and diversity of current Christian theology this book examines the theologies of representative theologians Particularly to help students navigate the sea of information the editors have identified various routes for reading and have traced several threads or issues common to many of the essays thus demarcating such recurrent concerns as the ways in which the theologians consider the sources and goals for theology their variant assumptions and conclusions about the nature of God their divergent approaches to understanding the person and purpose of the Christ and their distinct expectations for the destiny of history and faith **Unfamiliar Paths** David E. Bjork, 2014-09-16 This book explains why some missionaries are being led to reject the missional models and many of the methodologies which are the most widely accepted by North American evangelical missionaries working in France The author demonstrates that the evangelical Protestant missionaries witness for Christ in Western Europe is often ineffective because their governing missional paradigm and their ministry methods working in conjunction tend to project a separatist image and isolate them from those they wish to influence for Christ The author argues for the development of a missionary spirituality based upon the kenosis and an understanding of Christian unity based upon the perichoresis **RetroChristianity** Michael J. Svigel, 2012-04-30 Evangelicalism is in trouble Surveying the modern evangelical landscape professor Michael Svigel asks Why does evangelicalism appear to be spinning out of control losing appeal to younger generations dwindling in numbers or

selling out to pop culture to muster a crowd He seeks to answer this question by looking to the past to a Retro Christianity Calling for a return to evangelicalism s historical and theological roots Svigel begins by addressing some of present day evangelicalism s problems and explores what can be done to help churches regain a healthy perspective on doctrine He then gives practical examples of what establishing a biblical historical and theologically sound foundation will mean for Christians as they think through aspects of church life and worship As the numbers of those confused or disenchanted with evangelicalism continue to grow Svigel s book meets a timely need and will benefit many readers with his balanced argument for preserving the evangelical faith

Training Disciplined Soldiers for Christ Tim W. Callaway, 2013 A retrospective look at Alberta s Prairie Bible Institute and the influence of American fundamentalism on the school s teachings Popular Religion in America Erling T. Jorstad, 1993-04-22 The enormous growth of evangelicalism is one of the major developments in recent American life Like other scholars Jorstad acknowledges that evangelicalism has grown because it is theologically attractive But Jorstad also attributes the growth of the evangelical movement to its relationship with American popular culture According to the author the evangelical movement was able to integrate populist democratic traditions with a cultural inclusiveness a mastery of high technology and a willingness to use mass media to spread its views The book contains three sections The first traces the development of evangelical subculture between 1960 and 1990 The second part discusses the evangelical movement and social and individual values The third part explores popular religion and the media The book considers the involvement of evangelicals in popular religion the appeal of popular religion to many but not to all evangelicals the similarities between popular religion and more traditional religious organizations and the means by which evangelicalism effectively utilizes the many genres and styles of popular culture

Evangelical Ecclesiology John Gordon Stackhouse, 2003-11 Howard Snyder George Hunsberger Roger Olson and others examine the state of the evangelical church and offer fresh reflections on ecclesiology today

Recent Evangelical Appraisals of Capitalism and American Class Culture Craig M. Gay, 1989 The Evangelical Landscape Garth Rosell, 1996 Mark A Noll looks at the evangelical mind in the twentieth century Arguing that evangelicals must be concerned about questions of the intellect and the development of a Christian mind he asserts that though striking gains have been made since the Fundamentalist Modernist controversy the task remains incomplete because recent progress has been modest at best Bruce Shelley sets up what he sees as a crucial agenda for America s evangelicals recovery of a sense of community within the church renewed commitment to the Bible s evangelistic mandate and the development of transformational leaders with a clear vision of the future Defining essential evangelicalism as commitment to biblical authority conversion and worldwide evangelization Timothy L Smith points out that evangelicalism enfolds a rich diversity of traditions He pleads with these groups to lay aside their divisiveness and to focus instead on seeking peace with one another and pursuing that holiness of life without which no one can see the Lord

Beyond Foundationalism Stanley James Grenz, John R. Franke, 2001 What role does scripture play in the task of the

church What value do past theological constructs offer today How does culture affect theological reflection In this book the authors move past the Enlightenment foundational approach to offer a methodology for doing theology in a postmodern age Writing for readers of all denominations they propose a new theological method that uses three sources the Spirit speaking authoritatively through the biblical text tradition providing a historical interpretative framework and culture as the context for constructive theological reflection This method they argue fosters a Christian theology that acknowledges the whole of God Father Son and Spirit takes full account of the experience of the faith community and is future oriented **The**

Dispensational-covenantal Rift R. Todd Mangum, 2007 This groundbreaking study explores how the fight between dispensationalists and covenant theologians got started and how a unique dynamic of personalities and sociological factors enflamed it Readers may be surprised to discover that even the terminology of dispensationalists and covenant theologians originated in the 1930s disputes that the vast majority of the original protagonists on both sides were Presbyterians and that soteriology rather than eschatology was the original bone of contention between them This study examines how two respective strands of fundamentalism came to identify one another as theological rivals as they each vied for position in their recently formed separatist bodies The significance of disagreements over dispensationalism is explored in the founding of the Orthodox Presbyterian and Bible Presbyterian churches And then as the debate traveled southward the response of the PCUS is examined with special attention given to the consummative report of an ad hoc committee that found dispensationalism to be out of harmony with the Westminster doctrinal standards Significant misunderstandings that impeded fruitful dialogue from the beginning are clarified particularly those that have persisted most stubbornly to the present day Perhaps most surprising of all the reader will discover that nearly all of the original points of debate between dispensationalists and covenant theologians have since been resolved as each side has honed its position in light of pertinent critiques Why has this development gone almost unnoticed This study suggests an answer and proposes that understanding how the feud began may hold the key to rapprochement today **Evangelical Theological Perspectives on Post-Vatican II Roman**

Catholicism Leonardo De Chirico, 2003 De Chirico Istituto de Formazione Evangelica e Documentazione Padova Italy begins by identifying the elastic contours of Evangelical theology in its contemporary outlook Then he examines a number of Evangelical theologians who have interacted with Roman Catholicism in general and with Roman Catholic theology in particular over the past 40 sin **Southern Baptists & American Evangelicals** David S. Dockery, 1993 *Forthcoming*

Books Rose Arny, 1989-09 **Working Paper Series**, 1981 **Letters to Young Scholars** William C. Ringenberg, 2003

Christianity Today Magazine and Late Twentieth-century Evangelicalism Phyllis Elaine Alsdurf, 2004

American Evangelicals and the Mass Media Quentin James Schultze, 1990
