## **The Logic Of God:**

*The Logic of God* Ravi Zacharias,2019-04-02 We all have doubts that challenge our faith We wonder whether the Bible still matters or whether God is truly as loving and personal as we hope In his first ever devotional The Logic of God apologist Ravi Zacharias offers 52 readings that explain how and why Christianity the Bible and God are still relevant vital and life changing for us today To all our dilemmas Ravi says I am convinced that Jesus Christ alone uniquely answers the deepest questions of our hearts and minds With a remarkable grasp of biblical facts and a deep understanding of the questions that trouble our hearts Ravi tackles the most difficult topics with ease and understanding But The Logic of God is more than intellectual it is also personal offering thoughtful wisdom on when Jesus draws especially near you the deep ray of hope found in God s Word how God transforms disappointments why prayer matters how genuine peace is possible making sense of suffering The Logic of God is a USA Today and Wall Street Journal bestseller The Logic of God was named the 2020 ECPA Christian Book Award winner for Bible Study category Ravi makes profound biblical truth easy to understand And if your life is busy this book is designed for you It addresses 52 topics that you can read over the course of one year or slowly digest at your own pace Each entry includes a scripture questions for reflection and some practical application steps When you re struggling with questions and doubts confused curious or just want a clearer way to express your faith The Logic of God has answers that satisfy the heart and the mind    [The Logic of Hegel](#) Georg Wilhelm Friedrich Hegel,William Wallace,1874

*The Logic of His Love* Francois Du Toit,2013-04 The word theology means the Logic of God God does not expect us to respond in an unintelligent way to the greatest revelation of knowledge and understanding that man could possibly perceive nor to remain in a haze of confusion concerning our origin our identity our eternal destiny and our present standing before him He has made it possible for us to come into the same understanding to enjoy an equal appreciation of that which he himself enjoys True companionship only makes sense in an environment of mutual compatibility The mission of Jesus was not to add to the mystery of Deity but to bring absolute clarity regarding the person of God as the Father of the human race If you have seen me you have seen the Father Any idea that we could have had of God that is unlike Jesus would not be true about God In Jesus the forgotten Father of the human race introduces himself again as our only true Father Eph 4 5 There is only one faith Not what we believe about God but what God believes about us Eph 4 6 There is only one God He remains the ultimate Father of the universe We are because he is He is present in all he is above all through all and in all He is not far from each one of us in him we live and move and have our being We are indeed his offspring Acts 17 24 28    [The Logic of God Incarnate](#) Thomas V. Morris,2001-04-06 This book is a philosophical examination of the logical problems associated with the claim that Jesus of Nazareth was one and the same person as God the Son the Second Person of the divine Trinity How can a being or person who is omniscient omnipotent omnipresent etc have become human given that humans are limited in knowledge and beset with weaknesses Unless this belief in the incarnation is to be dismissed as pious sentimentality a

philosophical case must be made for at least the possible rationality of the idea Tom Morris makes such an attempt in this book Indeed although it claims only to be arguing that the idea of God Incarnate is not impossible The Logic of God Incarnate confronts the preponderance of modern philosophical argumentation against the incarnation and manages to put the traditional doctrine in a quite plausible light
