Iliff (John W.) & Company,1892 **Northern Alabama ,1888** **The Black Folks from Pea Ridge** Wyley Donald Ward,2002 **Cram's Unrivaled Atlas of the World, Indexed** George Franklin Cram,1893 **The Second Creek War** John T. Ellisor,2020-03-01 Historians have traditionally viewed the Creek War of 1836 as a minor police action centered on rounding up the Creek Indians for removal to Indian Territory Using extensive archival research John T Ellisor demonstrates that in fact the Second Creek War was neither brief nor small Indeed armed conflict continued long after peace was declared and the majority of Creeks had been sent west Ellisor s study also broadly illuminates southern society just before the Indian removals a time when many blacks whites and Natives lived in close proximity in the Old Southwest In the Creek country also called New Alabama these ethnic groups began to develop a pluralistic society When the 1830s cotton boom placed a premium on Creek land however dispossession of the Natives became an economic priority Dispossessed and impoverished some Creeks rose in armed revolt both to resist removal west and to drive the oppressors from their ancient homeland Yet the resulting Second Creek War that raged over three states was fueled both by Native determination and by economic competition and was intensified not least by the massive government sponsored land grab that constituted Indian removal Because these circumstances also created fissures throughout southern society both whites and blacks found it in their best interests to help the Creek insurgents This first book length examination of the Second Creek War shows how interethnic collusion and conflict characterized southern society during the 1830s **A Household Atlas of the World ,1898**
