The Forgotten Carols:

The Forgotten Carols Michael McLean, 2003 Michael McLean's touching Christmas tale has become a timeless classic. It tells the story of a nurse whose empty life is changed by her patient John who expands her understanding of Christmas. The Forgotten Carols are original songs from the perspective of characters such as the innkeeper who turned the young couple away or the shepherd who slept through the angel's announcement. Their personal accounts until now have been overlooked or ignored. Together John and Constance discover what the world has forgotten about Christmas. *Forgotten Carols*

Michael McLean, 1998-10-01 The Forgotten Carols is an innovative storybook CD about a nurse whose empty life is changed by her patient John. As the story moves along, the characters in the novel break into song, which are included on the compact disc. Line drawings. The Forgotten Carols Michael McLean, 1991 **Carols from the Grotto : AN Elf's Thaws a Frozen Soul**

Eldren Frostlight, 2023-12-18 In the heart of a frosted kingdom where winter winds whisper forgotten carols and snowflakes dance on starlight dwells Ember, a dragon whose heart is as cold and jagged as the icicles clinging to his mountain home. Christmas to him is nothing more than a grating cacophony of forced cheer, a painful reminder of a past betrayal that shattered his spirit. Then fate takes a whimsical twist, hurling a tiny elf named Pip, lost and shivering, into Ember's icy Grotto. A reluctant pact is forged, binding the grumpy dragon and the determined elf on a journey through enchanted forests and frost-kissed villages. As they delve into the forgotten magic of Christmas, secrets tumble from frozen silence, a chilling threat creeps from the shadows, and Ember finds himself grappling with a choice: remain cloaked in his icy isolation or embrace the thawing warmth of Yuletide spirit. This is a tale of an unlikely friendship where an elf's unwavering optimism melts the frost around a dragon's heart, and whispers of forgotten magic weave a tapestry of hope against the encroaching darkness. Prepare to soar on wings of fire and song as Ember and Pip learn the true meaning of courage, forgiveness, and the transformative power of carols that rise above even the deepest frost, rekindling the spark of Christmas joy in a kingdom lost to the cold. Turn the page, dear reader, and let the tale of Ember and Pip, woven with frosty whimsy and Yuletide wonder, forever warm your heart with the enduring magic of Christmas. **The Forgotten Carols**, 2004-10-01 Michael McLean's

voice teachers choir and workshop leaders camp and festival organisers and general participants Bithell shows how amateur singers who are not musically literate can become competent participants in a vibrant musical community and in the process find their voice metaphorically as well as literally She then follows some of these singers as they journey to distant locations to learn new songs in their natural habitat She theorises these trends in terms of the politics of participation the transformative potential of performance building social capital the global village and reclaiming the arts of celebration and conviviality The stories that emerge reveal a nuanced web of intersections between the local and global one which demands a revision of the dominant discourses of authenticity cultural appropriation and agency in the post colonial world and ultimately points towards a more progressive politics of difference A Different Voice a Different Song will be an essential text for practitioners involved in the natural voice movement and other vocal methodologies and choral worlds As a significant study in the fields of ethnomusicology music education and community music the book will also be of interest to scholars studying the democratisation of the voice the dynamics of participation world musics in performance the transformative power of harmony singing and the potential of music making for sustaining community and aiding intercultural understanding
