**The Documentary History of Judaism and Its Recent Interpreters** Jacob Neusner, 2012-07-10 The result for the history of Judaism of a documentary reading of the Rabbinic canonical sources illustrates the working of that hypothesis. It is the first major outcome of that hypothesis but there are other implications and a variety of new problems emerge from time to time as the work proceeds. In the recent past Neusner has continued to explore special problems of the documentary hypothesis of the Rabbinic canon. At the same time Neusner notes others join in the discussion that have produced important and ambitious analyses of the thesis and its implications. Here Neuser has collected some of the more ambitious ventures into the hypothesis and its current recapitulations. Neusner begins with the article written by Professor William Scott Green for the Encyclopaedia Judaica second edition as Green places the documentary hypothesis into the context of Neusner's entire oeuvre. Neuser then reproduces what he regards as the single most successful venture of the documentary hypothesis contrasting between the Mishnah's and the Talmuds programs for the social order of Israel the doctrines of economics, politics and philosophy set forth in those documents respectively. Then come the two foci of discourse Halakhah or normative law and Aggadah or normative theology. Professors Bernard Jackson of the University of Manchester England and Mayer Gruber of Ben Gurion University of the Negev treat the Halakhic program that Neusner has devised and Kevin Edgecomb of the University of California Berkeley has produced a remarkable summary of the theological system Neusner discerns in the Aggadic documents. Neusner concludes with a review of a book by a critic of the documentary hypothesis *A Traditional Quest* Dan Cohn-Sherbok, 1991-03-01. Louis Jacobs has made a formidable contribution to Jewish scholarship over the last 40 years. In addition he has inspired a generation of students of Judaica as well as members of his own congregation at the New London Synagogue. The contributors to this volume in his honour include a wide range of distinguished scholars.
