The Founding Of Naples:

Naples Charles River Editors, 2019-08-02 Includes pictures Includes a bibliography for further reading The history of Naples is long and tortured or at least for centuries that was how its history has been told Inhabited almost continuously from the Neolithic era to the present Naples was founded by the Greeks and conquered by the Romans After the fall of the Roman Empire Naples passed between various foreign rulers for its entire history prior to Italian unification Starting in 1040 when the Norman French invaders conquered Campania Naples was ruled in a dizzying succession by Germans then French then Spanish then Austrians then Spanish then French and then Spanish Although it is in many ways a microcosm of European history with a revolving door of conquerors historians like to stress the unique status of Naples thanks to these diverse influences and unique geography Set on a bay that provided a natural harbor Naples is home to Mount Vesuvius the only active volcano on the European mainland When Vesuvius erupts the Neapolitans pay the price and it has earned its reputation as the most dangerous volcano in the world However the threat posed by Vesuvius is tempered by a great benefit Naples is blessed with extremely fertile soil The natural harbor of Naples and its position on the southwest coast of Italy helps explain its history of multiple rulers insofar as it made Naples a central locus of trade between Italy Greece Byzantium North Africa Spain Holland Flanders and Germany Due to its strategic importance Naples reached high levels of prosperity and for the same reason it also suffered as various foreign powers vied for control of the city and the surrounding area All the while the sheer beauty of the bay of Naples with Vesuvius looming in the distance has made Naples a place of endless fascination It boasts imposing castles and fortresses as well as twisty turning medieval streets that are home to some of Italy's poorest and most maligned residents Across the bay are the islands of Capri and Ischia which only add to the allure of the city Furthermore its cuisine particularly its pizza which was invented in Naples and its richly sweet desserts rates amongst the most appreciated in all of Italy no doubt thanks to the fertility of the soil that favors agricultural production Nonetheless Naples does not enjoy an excellent reputation within the context of Italy or of Europe High rates of petty crime a decaying urban fabric and the infamous presence of the mafia known in Naples as the Camorra all combine to ensure fewer tourists venture to explore Naples and many Italians civilians and politicians alike consider it the ultimate problem city Nonetheless it bears keeping in mind the words of one of Naples' foremost historians John Marino who noted Naples like each of Italy's cities is unique but far less different than is generally believed Today historians have a different view of the twists and turns of the history of Naples from the Greek founding and the Roman conquest to the centuries under foreign rule and finally to its unification with Italy and present day challenges Although Naples was constantly changing many scholars now challenge the notion of Neapolitan tumult arguing that it overshadows a more complex picture of a city that in fact enjoyed periods of stability and productivity Naples The History and Legacy of the Prominent Italian City State from Antiquity to Today dives into the city's origin story how it became one of the most important places in Europe and its winding history Along with

Naples Pellegrino D'Acierno,Stanislao G. Pugliese,2018-12-11 This book is addressed to lovers of paradoxes and we have
 done our utmost to assemble a stellar cast of Neapolitan and American scholars intellectuals and artists writers who are
 strong and open minded enough to wrestle with and illuminate the paradoxes through which Naples presents itself Naples is
 a mysterious metropolis Difficult to understand it is an enigma to outsiders and also to the Neapolitans themselves Its very
 impenetrableness is what makes it so deliriously and irresistibly attractive The essays attempt to give some hints to the
 answer of the enigma without parsing it into neat scholastic formulas In doing this the book will be an important means of
 opening Naples to students scholars and members of the community at large who are engaged in identity work A primary
 goal has been to establish a dialogue with leading Neapolitan intellectuals and artists and ultimately ensure that the
 deliriously Neapolitan dance continues *Old and New Paris; Its History, Its People, and Its Places* Henry Sutherland
